

## S. Africa Quits British Union of Nations

By ARTHUR L. GAVSHON

LONDON (AP) — South Africa left the British Commonwealth of Nations, it was announced tonight.

The announcement came after leaders of Britain's global alliance spent 15 hours in a vain bid to reconcile the views of the opponents of Prime Minister Hendrik Verwoerd's apartheid policy. South Africa's withdrawal means more than the loss of huge trading and fiscal benefits of the Commonwealth system. It can arouse most of South Africa's English-speaking population. It can even cause trouble from a part of the Dutch-speaking majority that supports the government.

It fears the economic consequences of quitting the Commonwealth. A British government spokesman said Verwoerd had "not walked out of the conference" but had withdrawn South Africa's application to stay within the alliance.

By ARTHUR L. GAVSHON

LONDON (AP) — The British Commonwealth today kept the door open for South Africa to remain a member as a republic but with the clear understanding she stands alone in advocating racial segregation.

Prime Minister Hendrik F. Verwoerd appeared waging a futile fight to stave off a public denunciation of his government's racist policies by the other 11 members of the multiracial family of nations. Such a declaration would force Verwoerd to take South Africa out of the Commonwealth or beat a sharp retreat from his repeated public declaration that he would not stand for "any humiliating treatment" from the conference.

One participant in the discussions boiled down the issue this way. "The question of South Africa's future membership has been settled. We have agreed to accept—or rather to tolerate—her in our midst."

"However, 11 of Dr. Verwoerd's colleagues want publicly to express their opinion that the principles and practices of the apartheid (racial segregation) system do not conform with the Commonwealth conception of human rights and racial equality."

After hours of argument Tuesday, Verwoerd stalled off a public declaration by invoking a veto. Under the traditional rules for Commonwealth members, all of them must agree to communiqués.

## Weather

Experiment Station report for 24-hours ending at 7 a. m. Wednesday, High 75, Low 39; Total 1961 precipitation through February, 7.03 inches; during the same period a year ago, 10.10 inches.

Ark regional forecast

By THE ASSOCIATED PRESS  
Central, southeast and southwest Arkansas: Partly cloudy this afternoon, tonight and Thursday. Warmer this afternoon, scattered thundershowers late Thursday. Friday partly cloudy and mild. Highs today mid 70s to low 80s central, upper 70s to mid 80s southeast and southwest. Lows tonight upper 40s to low 50s central, mid 50s to near 60 southeast and southwest.

Northeast and northwest Arkansas: Partly cloudy and warmer this afternoon, with a chance of scattered thundershowers northern counties this afternoon. Considerable cloudiness and scattered thundershowers and cooler tonight. Thursday partly cloudy and warmer with scattered thundershowers late afternoon or evening. Friday partly cloudy and mild. Highs today in the 70s northeast, low 70s to low 80s northwest. Lows tonight low 40s to low 50s.

ARKANSAS: Partly cloudy and warmer with a chance of scattered thundershowers extreme north portion this afternoon. Considerable cloudiness with scattered

## Wet-Dry Probe Is Resumed

SEARCY, Ark. (AP)—A White County Grand Jury today resumed its investigation of a disputed 1958 wet-dry election.

The jury heard more than 150 witnesses last week in its study of alleged irregularities in the balloting.

The outcome was contested for nearly two years before a 1960 election superseded the earlier vote.

White County went dry by a large margin in last year's voting.

## Highway Dept. Cracks Down on Big Trucks

LITTLE ROCK (AP)—The Arkansas Highway Commission today cracked down on heavy trucks which use a sliding fifth wheel to evade the state load limit.

The commission outlawed fifth wheels which move forward more than 12 inches.

A fifth wheel actually is a horizontal disc which connects the tractor and the trailer of big trucks.

Highway Director F. R. Oliver said many trucks can slide these wheels forward as much as two or three feet, throwing additional weight on the front axle, which is not weighed at Arkansas weight stations.

The commission also set a maximum weight limit of 40,000 pounds for three secondary highways and promised to put the same maximum on some other secondary roads after its engineer complete a survey to determine which are suffering excessive damage from heavy trucks.

The Arkansas load limit now is 64,000 pounds, counting 18,000 for the front axle, which is not weighed.

Until today's order the 64,000 pound limit was in effect for all roads, regardless of conditions.

Oliver said most secondary roads are incapable of carrying this weight.

He added that some primary roads cannot handle such weight without a great deal of maintenance but that the commission felt morally obligated to leave the state maximum in force on all primary roads.

The secondary roads covered in today's order are: State Highway 29 from Hope to the Louisiana line; State Highway 31 from Bebe to the junction of U.S. Highway 79, and State Highway 91 from the junction with Highway 25 to its junction with Highway 63 east of Hoxie.

The 1961 Legislature, which adjourned last Thursday, defeated a bill which would have had the same effect as today's commission order regarding the fifth wheel.

A bill to raise the load limit to 73,200 pounds also was beaten. The commission has authority to regulate use of state highways under a 1953 law.

Oliver said signs would be posted on the highways where the new 40,000-pound limit will be invoked. The limit will take effect on the 61st day after notice of the commission's action is published in counties where the roads are. Oliver said the notices probably would be published next week.

The commission outlawed use of a dummy axle, another device by which some truckers evade the weight limit.

The law permits a maximum weight of 32,000 pounds on a tandem axle, but the single axle limit is 18,000 pounds.

Oliver said many trucks have a dummy axle in their tandem assembly which carries only a few thousand pounds, throwing the bulk of the 32,000 pounds on the rear axle.

Today's order set a maximum of 18,000 pounds on any one axle in a tandem assembly.

The commission reduced the mandatory retirement age of highway employees from 70 to 67, effective next Dec. 31. The order took note of the commission's long range intention to reduce the age to 65 eventually.

Body Recovered From River

EL DORADO, Ark. (AP)—The body of Julian Hughes, 54, was recovered Tuesday from the Ouachita River where he and a companion had disappeared Feb. 26 while fishing near Smackover.

Hughes' body was discovered several miles downstream from where he and Ivan Fowler, 34, apparently drowned.

The search is being continued for Fowler's body.

## Easter Parade Planned Here Sunday

DOORBELLS WILL RING FOR CRIPPLED children Sunday, March 19 when workers will call at homes to deliver Easter Seals and tell the story of crippled children's needs. Many volunteers will join the fight against crippling conditions that attack one family in five each year. The drive Sunday starts at 2 p. m. This county's quota is \$1,100. Planning the Parade are the Ward Chairmen, pictured above, left to right: Mrs. Frank King Ward 4; Mrs. Fred Glanton, Ward 2; Mrs. Haskell Jones, general chairman for the drive; Mrs. Jud Marshall, Ward 3 and Mrs. Mingo Polk, Ward 1. When the ladies call at your home Sunday give generously.

## Stock Dealer Sentenced on 2 Counts

NASHVILLE, Ark. (AP) — Joseph Pecory was sentenced to prison terms of six years Tuesday after pleading guilty to four charges of violating state securities law.

Pecory was a former official of the now-defunct Arkansas Investment Corp.

He had pleaded innocent but changed his plea to guilty after an hour and a half on the witness stand in which he denied any wrongdoing in connection with the company.

Circuit Judge Bobby Steele sentenced Pecory to three years in prison on each of two charges and another six years on two false pretense charges. The terms are to run concurrently.

The trial of Jack Hill, similarly charged with Pecory, was delayed until April 3, it had been scheduled for today.

## Students to Plan Science Exhibits

In the Science Fair at Hope High School, May 18 and 19, individual science and math students from Hope Junior and Senior High Schools will have projects of their creation on display for the general public. The elementary schools will be represented in school projects.

Ed White, physics instructor, is chairman of the plans being made for the Science Fair. Other senior high science and math instructors whose pupils will take part are: Mrs. F. J. Burroughs, General Science; Mrs. Webb Laster Jr., Biology; Billy Mitchell, Math; W. D. Sullivan, Math.

The public is invited to the old gym at HHS from 2:30 to 4 p. m. Saturday, March 18 and from 1:30 to 5 p. m. Sunday, March 19 for the annual Science Fair.

## Lions Hear About Child Hospital

Mrs. Ray Turner, Hempstead County Health Nurse and Pat Walsh, Public Relations Director of the Arkansas Children's Hospital in Little Rock, presented a program at the Lions Club dinner meeting Monday, on the activities of the Children's Hospital.

The Arkansas Children's Hospital treats underprivileged children whose parents are unable to put them in a regular hospital. During the last year, Hope children spent 400 days in the hospital at a cost of approximately \$8,000. Many local residents contribute to the Children's Hospital which is a charitable institution.

Lion Ferrell Williams reported that this year's Broom Sale was the biggest in history of the club. Wallis Monroe and Ray Turner were guests of the club.

## Two Recluses to Be Examined

EL DORADO, Ark. (AP) — Two bedraggled recluses were charged Tuesday with intent to kill in the shooting of a deputy sheriff near here Saturday and sent to the State Hospital for a psychiatric examination.

Circuit Judge Gus W. Jones ordered Willie Albert Ballard, 35, and his father, Wes Ballard, 70, committed for 30 days.

The younger Ballard held off authorities for over five hours in a gun battle Saturday night after barricading himself in his barn home.

Ballard is alleged to have shot deputy Reed Fish, 47, who had gone to the Ballard's home to discuss a disputed horse.

Like was seriously wounded but hospital authorities report his condition is improving.

## Texarkana Approves City Manager Plan

TEXARKANA, Ark. (AP) — Texarkana voters decided in a special election Tuesday to switch to the city manager form of government by an unofficial vote of 1,421 to 1,345.

The City Council, immediately following the election, chose council member Dennis Williams an attorney, to fill the vacancy left by the death of Mayra Haskell Hay.

Williams will serve until a board of directors, which will be chosen in a special election, selects a city manager.

The city council-major type of government was adopted by Texarkana when it first organized in 1880.

## Car Hits Mule, Man Injured

Charles McPherson, Highway Department worker, was painfully injured about 5 a. m. today when the auto he was driving collided with a mule on Highway 4, about four miles out of Hope.

Mr. McPherson suffered a compound arm fracture. He was rushed to a local hospital by a Herndon-Cornelius ambulance.

The mule was killed.

## U. S. Would Revive Talks to Disarm

WASHINGTON (AP)—President Kennedy disclosed today the United States has suggested that East-West negotiations on general disarmament be resumed in August.

Originally Kennedy is reported to have sent word to Soviet Premier Khrushchev that broad-scale disarmament talks should not be started until Sept. 11.

That report was carried in today's New York Times.

The Times Washington dispatch said Khrushchev objected "with some vigor."

Kennedy said at his news conference today that "we have suggested we will be prepared" to start general disarmament negotiations again in August, after first suggesting a new start in September.

Meanwhile, Kennedy said, U.S. Ambassador Adlai Stevenson is trying at the United Nations to work out detailed arrangements for the proposed new disarmament exchange. One critical issue is the size of the negotiating group.

Khrushchev, the Times story said, contended a 6-month delay would be unreasonable.

Kennedy's suggestion was given to Khrushchev by Ambassador Llewellyn E. Thompson Jr. in Siberia on March 9.

## Lenders Service Case in Court

BISMARCK, N.D. (AP) — Court officials have indicated a jury of 12, plus two alternates may be filled in time to hear testimony today in the trial of Lenders Service Co., Inc., of Little Rock, Ark., and 30 individuals charged with mail fraud.

Some 75 prospective jurors were discharged Tuesday on grounds they would suffer hardship in their jobs if they had to serve the two months the trial is expected to last.

## A Wrong Number

LOS ANGELES (AP) — Telephone operator Marcella Wainwright, 30, won a divorce Tuesday from accountant Lester Wainwright, 40, on testimony she married "a wrong number."

## Untouchables to Return in Fall

NEW YORK (AP) — "The Untouchables," television gangster show under fire from several Italian-American organizations, "definitely will be back next year," the American Broadcasting Co. says.

The network announcement came Tuesday night after the Liggett & Myers Tobacco Co. announced it was withdrawing as the program's main sponsor.

A network spokesman said three new sponsors had immediately placed orders for the program and it "is completely sold out" for next fall.

Persons of Italian descent had protested the number of gangsters who bore Italian names on the program, which deals with the activities of federal agents during the Prohibition Era.

The only reason given for the cancellation by Liggett & Myers was that "these programs have been rescheduled by ABE at 10 O'Shea to the ground, O'Shea suffered minor injuries. Meres was unhurt."

Said the kind old lady to the Internal Revenue clerk: "I do hope you'll give my money to some nice country."

## Kennedy Calls for Religious Harmony Over School Issue

### Use Tax to Cause MOP Cutback

ST. LOUIS (AP)—The Missouri Pacific railroad says the Missouri Supreme Court's ruling upholding the state's use tax law might stop Mopac's new car building program and force a shutdown of the railroad's car-building shops at De Soto, Mo.

Downey B. Jenks, new president of the line, said Tuesday the use tax could add an estimated \$500,000 to the cost of the railroad's current building program.

Jenks said the railroad has pushed ahead on a \$12 million freight car building program despite the recession. Half of the construction already has been committed. Jenks said the railroad is considering having the rest of the cars built outside Missouri.

"I knew the state legislature did not intend this to be the purpose of the law but this is what our attorneys say will be the result of the decision," Jenks said. "In effect, the legislature has passed a law to put people out of work."

The use tax was challenged by the Mopac and the Washburn and Frisco Railroads and the Southwestern Bell Telephone Co. The Supreme Court reversed a ruling by Circuit Judge Sam A. Blair, who had held the law was unconstitutional.

"The use tax is a levy against materials and merchandise purchased outside the state for use in Missouri."

Arkansas also imposes a use tax.

### Mena Slaying Trial Set for April

MENA, Ark. (AP)—Mrs. Norma McDonald Young is scheduled for trial in April on a charge of murdering her 73-year-old former husband.

Deputy Prosecutor John Hatton said today a trial date will be set April 6, when the new term of Circuit Court begins here. He said the trial would be scheduled during that term unless her attorneys ask for a delay.

The trial, when it starts, is expected to be long. A number of witnesses from Louisiana and various parts of Arkansas are expected to be called.

Mrs. Young, 49, who was arrested in Covington, La., in January, was found sane after a State Hospital examination last week and was returned to county jail here.

Parts of her former husband's body were found at the farm where they lived near here. Others parts were found around a house Mrs. Young was living in at Covington.

She had divorced McDonald and had remarried, then had divorced her other husband and had been living near here.

### Couldn't Overcome Heavy Traffic

SACRAMENTO, Calif. (AP) — In a rush-hour traffic jam, mechanic Roland Meres was stranded dead center on a Southern Pacific crossing Tuesday with a train churning down the track.

Meres tried to back up, but another car had pulled up tight against his rear bumper. He rammed his car into the vehicle in front of him. He nearly died.

The diesel engine hit his car on the rear fender, spun it around and threw Meres' passenger Fred O'Shea to the ground, O'Shea suffered minor injuries. Meres was unhurt.

### Jobless Aid Bill Approved

WASHINGTON (AP)—The Senate Finance Committee today approved the emergency unemployment aid bill after changing it to require that the employers in each state pay for that state's benefits.

Sen. Harry F. Byrd, D-Va., the committee chairman, said the measure might come up for Senate action Thursday or Friday. The Kennedy administration is pushing for fast action.

Under the measure, nearly \$1 billion in emergency payments may be made available to jobless persons who have exhausted their regular unemployment compensation rights. They would be permitted to draw benefits for as much as 13 additional weeks.

### Chances Dim for Loans Settlement

PHNOM PENH, Cambodia (AP)—A sharp difference between the pro-Western government in Laos and former Premier Souvanna Phouma emerged today, dimming chances for an early settlement of the Laotian civil war.

Before leaving for a tour of foreign governments, Souvanna said a 14-nation conference should be held on Laos as soon as possible. The neutralist former premier said it would bring all factions together to set up a commission to stop the fighting. Thus the war would continue until the conference reached agreement.

But Ngon Sannakone, a Cabinet minister representing Vientiane, said his government feels a commission of neutral nations should be chosen quickly to stop the fighting. This would be followed by detailed discussions in an international conference.

Both sides said contacts will continue during Souvanna's trip to Asian, European and Communist countries. But all those concerned reflected pessimism.

### Graduates Here Attend College

Hope ranks among the five top high schools in Arkansas in sending its graduates to colleges and universities, Earl Downs, guidance counselor, told Hope Kiwanis Club yesterday at its luncheon meeting.

Of the 117 graduating last year, 88 enrolled in college and only 4 of these have dropped out, he said.

"The task of preparing a student for college really begins in the fifth grade. A pattern is started showing growth and progress through test scores. This pattern continues on to the seventh grade."

"The biggest problem we have at Hope High School in this work is not with the students — but with the parents of the students, because of their failure to consult, in time, with us and other members of the faculty in regard to preparing the student for specific subjects of higher learning."

Tuesdays program was arranged by Jon Barbarotto, band director. Guests were R. C. Daniel, John Bell of Monroe, La. and Bob Evans of Popular Bluff, Mo.

Atty. Gen. Frank Holt will be guest speaker next Tuesday when Dr. Crow has charge of the program.

James H. Jones, Superintendent of Schools, announced today that a course in Remedial Reading will be offered this summer. It will be designed for pupils from the 3rd through 7th who are having reading and spelling difficulties.

A skilled teacher in the Phonetics approach to reading will organize classes pertinent to the various grade levels.

The grade of instruction will cover a five week period from June 5 to July 7. The fee will be \$10 per student for the five weeks provided as many as 30 students enroll, if fewer than 30, then it would be a little more.

For further information contact the Superintendents office.

### School Will Offer Course in Reading

James H. Jones, Superintendent of Schools, announced today that a course in Remedial Reading will be offered this summer. It will be designed for pupils from the 3rd through 7th who are having reading and spelling difficulties.

A skilled teacher in the Phonetics approach to reading will organize classes pertinent to the various grade levels.

The grade of instruction will cover a five week period from June 5 to July 7. The fee will be \$10 per student for the five weeks provided as many as 30 students enroll, if fewer than 30, then it would be a little more.

## Private School Loan Study Is Pledged

BY MARVIN L. ARROWSMITH

WASHINGTON (AP) — President Kennedy called today for religious harmony, warning that if the country divides on the school aid issue "our national strength" will be sapped.

In a two-point proposal to solve what he termed "this sensitive issue," he:

1. Urged Congress, as he has done before, to pass his \$2.3 billion public school assistance bill without proposed amendments calling for loans to parochial and other private schools below the college level.

2. Pledged that his administration would then cooperate with Congress in studies of the question whether loans to church schools, or tax exemptions for the parents of their students, would be constitutional.

In expressing hope the controversy won't divide the country, Kennedy said:

"... I am hopeful that when the smoke is cleared there will continue to be harmony among the various religious groups of the country. I am going to do everything that I can to make sure that harmony exists, because it reaches far beyond the question of education and goes in a very difficult time of our country, to an important ingredient of our national strength."

"So I am confident that the people who are involved outside the government, and members of Congress and the administration, will attempt to conduct the discussion on this sensitive issue in such a way as to maintain the strength of the country and not divide it."

By MARVIN L. ARROWSMITH

WASHINGTON (AP) — President Kennedy said today his administration would be glad to cooperate with Congress in a study of whether federal loans to private secondary schools can be made under the Constitution.

But Kennedy told a news conference he hopes Congress will act first and separately on a pending measure for federal aid to public secondary schools.

Kennedy promised also that the administration will cooperate with Congress, after action on this bill, in studying whether tax exemptions could be granted to parents of children in private schools—in lieu of direct federal aid.

At the same time, Kennedy expressed the hope that controversy over the aid-to-education bill and the related religious issue would not weaken the country in any way.

## School Will Offer Course in Reading

James H. Jones, Superintendent of Schools, announced today that a course in Remedial Reading will be offered this summer. It will be designed for pupils from the 3rd through 7th who are having reading and spelling difficulties.

A skilled teacher in the Phonetics approach to reading will organize classes pertinent to the various grade levels.

The grade of instruction will cover a five week period from June 5 to July 7. The fee will be \$10 per student for the five weeks provided as many as 30 students enroll, if fewer than 30, then it would be a little more.

For further information contact the Superintendents office.

### Kiwanians Have Musical

President Milton Stokes presided at the weekly dinner meeting Thursday at the Broadway Hotel of the Kiwanis Club. Jim Nelson gave the invocation. Floyd Hubbard, program chair-

man presented the 8th grade Prescott Jr. High music class with several selections. It was announced that Kiwanis International has won its tenth top award in the annual Freedom Foundation Citizenship contest.

### Miss Loomis Engaged

Lt. Col. (retired) Sidney Loomis and Mrs. Loomis of Arkadelphia announce the engagement of their daughter, Mildred Elizabeth to Otis Melvin Preslar, son of Mr. and Mrs. E. E. Preslar of Sparta, Illinois.

Miss Loomis and Mr. Preslar attended Ouachita Baptist College. The wedding is planned for 7:30 p.m. Friday, May 26, in the First Baptist Church in Arkadelphia. Miss Loomis is the granddaughter of Mrs. Al Loomis of Prescott.

### Junior Girl Glass Elect Officers

The 10 year old Junior Girls' Sunday School Class of the First Baptist Church recently elected the following officers: President, Gail Thompson; Secretary, Bobbie Sue Riggs; Reporter, Becky Garrett. Mrs. C. L. Riggs is the teacher of the class.

Appearing in the "Other Days" column of the A.G. was the following item of interest. "25 Years Ago — Claud M. Hirst, former state commissioner of education

## \$1.6 Million for Revenue Dept. Building

(This is the third in a series of articles interpreting actions of the 1961 Legislature.)

By JOHN R. STARR

LITTLE ROCK (AP) — The proposed Revenue Department building will be designed for efficiency in tax collection and convenience to the taxpaying public. That's the pledge of Revenue Commissioner J. Orville Cheney who is excited by the prospect of an integrated Revenue Department facility.

The 1961 General Assembly appropriated \$1.6 million for constructing and equipping the new building. Cheney, Purchasing Agent Mack Sturgis and Comptroller Louis Washburn were named to a commission which will decide the design of the building and where on the capitol grounds it will be built.

Cheney said preliminary plans have not been prepared, but he anticipates a two-story structure with a basement, rather than a taller building.

"All the offices which serve the public directly will be located on the ground floor and there will be plenty of parking space," Cheney said.

For the past several years, the Revenue Department has been crowded into scattered offices on the first floor and in the basement of the main capitol building. But, as the state's fastest growing agency, it has simply run out of room. Difficulty in finding the offices and lack of parking around the main building have been a frequent complaint of those coming to do business with the department.

"The architecture will be the same as the existing auxiliary buildings, except a little more modern," Cheney said. "Like the Justice Building, except with less glass."

The Revenue Department building will be the eighth permanent

structure in the capitol complex. The first structure to be added was the Highway Department Building in 1939. Buildings for the Health Department, the Education Department, the Welfare Department and the Game and Fish Commission followed with the Justice Building, completed in 1957, the latest of the lot.

Cheney said the building would have 70,000 feet of working floor space and he expects to install a drive-in window for quick trips by taxpayers.

"The taxpayer is due every consideration," Cheney said. "He's the man who's paying for all this."

Cheney said he did not know yet what part of the \$1.6 million overall cost would be allocated to electronic equipment to speed up the tax collecting process. "We'll buy a lot of equipment, but we'll rent some, too."

Sponsors of the appropriation bill in the Legislature said a new building would streamline the Revenue Department operation and save some operating cost.

Cheney said he was not sure the overall operation would be less expensive. "Maybe it won't be any cheaper, but it will be more efficient and efficiency is what we've got to have," he said.

The commissioner estimated that additional revenue (taxes that should be paid now but which are being missed) resulting from modern accounting procedures would more than pay the cost of the building in just a few years.

The Legislature provided for paying for the building by increasing auto title registration fees from 50 cents to \$1. This will produce about \$140,000 in new revenue and this money is allocated to the Revenue Department building fund.

However, Cheney won't have to wait until the fund builds up to \$1.6 million to build his building. Financing will be handled by borrowing from the revenue stabilization reserve fund. The stabilization fund will be repaid from the revenue building fund.

"It's a little like a father lending his son money," explained Frank Story, secretary of the state Board of Finance. "There'll be no interest charges and no set date for repayment. Repayments will be made as the auto title fee increase puts money into the building fund."

Cheney and his commission won't have the final say on where the building will be located, although they have full power over all other factors. The location will be decided by Secretary of State Nancy Hall who under law, has full responsibility for all capitol buildings and grounds.

"I have to see the plans to say where it should go," said Mrs. Hall. "The building will have to conform with the layout of other buildings on the grounds."

## Titan to Be Displayed in Little Rock

LITTLE ROCK (AP)—A Titan missile, not so new but similar to those which will be installed in 18 central Arkansas bases, will go on display here Thursday.

The huge Titan I, its nine-man crew and four big trucks and a station wagon arrived here Tuesday. The weapon was being raised today for display on a downtown parking lot.

Rep. Dale Afford of Little Rock will speak at a "raising" ceremony Thursday and the missile will remain until next Tuesday.

The Titan display is one of several the Air Force has on tour. It was brought to Little Rock to commemorate the 15th anniversary of the creation of the Strategic Air Command.

Overall the de-fueled Titan I will stand 102 feet tall. In appearance and approximate size it is identical with the newer Titan II, the weapon to be installed in the Arkansas complex, although Titan II is an improved model.

After the Thursday ceremony,

structure in the capitol complex. The first structure to be added was the Highway Department Building in 1939. Buildings for the Health Department, the Education Department, the Welfare Department and the Game and Fish Commission followed with the Justice Building, completed in 1957, the latest of the lot.

Cheney said the building would have 70,000 feet of working floor space and he expects to install a drive-in window for quick trips by taxpayers.

"The taxpayer is due every consideration," Cheney said. "He's the man who's paying for all this."

Cheney said he did not know yet what part of the \$1.6 million overall cost would be allocated to electronic equipment to speed up the tax collecting process. "We'll buy a lot of equipment, but we'll rent some, too."

Sponsors of the appropriation bill in the Legislature said a new building would streamline the Revenue Department operation and save some operating cost.

Cheney said he was not sure the overall operation would be less expensive. "Maybe it won't be any cheaper, but it will be more efficient and efficiency is what we've got to have," he said.

The commissioner estimated that additional revenue (taxes that should be paid now but which are being missed) resulting from modern accounting procedures would more than pay the cost of the building in just a few years.

The Legislature provided for paying for the building by increasing auto title registration fees from 50 cents to \$1. This will produce about \$140,000 in new revenue and this money is allocated to the Revenue Department building fund.

However, Cheney won't have to wait until the fund builds up to \$1.6 million to build his building. Financing will be handled by borrowing from the revenue stabilization reserve fund. The stabilization fund will be repaid from the revenue building fund.

"It's a little like a father lending his son money," explained Frank Story, secretary of the state Board of Finance. "There'll be no interest charges and no set date for repayment. Repayments will be made as the auto title fee increase puts money into the building fund."

Cheney and his commission won't have the final say on where the building will be located, although they have full power over all other factors. The location will be decided by Secretary of State Nancy Hall who under law, has full responsibility for all capitol buildings and grounds.

"I have to see the plans to say where it should go," said Mrs. Hall. "The building will have to conform with the layout of other buildings on the grounds."

## Weather

Continued from Page One

thundershowers and cooler north portion, partly cloudy and mild south portion tonight. Thursday partly cloudy and warm with scattered thundershowers in the afternoon or evening. Highs today low 70s northeast to mid 80s southwest. Lows tonight 40s extreme north to near 60 extreme south. Highs Thursday mid 70s northeast to mid 80s southwest.

LOUISIANA: Clear to partly cloudy through Thursday. Warm or tonight with lowest 50-60. Highest Thursday around 80.

## Murrow to Head U. S. I. Agency

WASHINGTON (AP) — The Senate gave speedily and unanimously confirmation today to Edward R. Murrow, radio and television personality, as director of the U.S. Information Agency.

Also confirmed was Donald M. Wilson of New Jersey as deputy USIA director.

The Senate also approved three ambassadors:

J. Graham Parsons, of New York, to Sweden; Frances E. Willis, of California, to Ceylon, and Frederick E. Nolting, Jr., of Virginia, to the Republic of Vietnam.

It also confirmed: Avery F. Peterson of Idaho, a foreign service officer, as U.S. representative to the 17th session of the Economic Commission for Asia and the Far East of the United Nations Economic and Social Council.

There will be a luncheon at which Sen. J. W. Fulbright and Lt. Gen. John P. McConnell, commander of the 2nd Air Force at Barksdale Field, La., will speak. McConnell is a native of Booneville, Ark.

## Legal Notice

NOTICE IN THE PROBATE COURT OF HEMPSTEAD COUNTY, ARKANSAS

IN THE MATTER OF THE ESTATE OF Grace Annette Walker and Charles M. Walker Jr., Minors

Mary Nell Walker, Guardian NOTICE IS HEREBY GIVEN, That Mary Nell Walker as Guardian of the persons and estates of Grace Annette Walker and Charles M. Walker Jr., Minors, has filed her petition in the Hempstead County Probate Court asking for authority to sell at private sale the interests of said minors, being the full fee simple interest, subject to a mortgage in favor of the Federal Land Bank of St. Louis, on which there is a balance due of \$11,440.50 with interest from December 1, 1960, which buyer will assume and subject to the dower interest of their mother, Mary Nell Walker, in the lands hereinafter described to C. W. Young for the sum of \$27,701.35, payable \$7,000.00 cash and \$1,081.35 on or before January 1, 1962, and \$2,180.00 on or before January 1st of each year thereafter for nine additional years together with interest on said deferred payments at the rate of 6% per annum, interest payable annually, a lien being retained on said lands to secure the balance purchase price, and said lands being situated in Howard County, Arkansas and described as follows, to-wit:

The East Half of the Southwest Quarter (E½ SW¼) and the West Half of the Southeast Quarter (W½ SE¼) of Section Fourteen (14) the West Half of the Northeast Quarter (W½ NE¼), the East Half of the Northwest Quarter (E½ NW¼), the East Half of the Southwest Quarter (E½ SW¼) and the North Half of the Southeast Quarter (N½ SE¼) of Section Twenty three (23) — all in Township Eleven (11) South, Range Twenty seven (27) West, containing 480 acres, more or less.

By Order of this Court made and entered herein on the 6th day of March, 1961, said petition will be heard by said Court at 10:00 a.m. on Saturday, March 25, 1961.

In the Court Room in the County Courthouse of Hempstead County, Arkansas, in the City of Hope, Arkansas.

IN TESTIMONY WHEREOF, I have hereunto set my hand and the seal of said Court on this 6th day of March, 1961.

J. D. TURNAGE Clerk of the Probate Court of Hempstead County, Ark. March 8, 15, 1961

## Sponsor to Drop 'The Untouchables'

NEW YORK (AP)—The Liggett & Myers Tobacco Co. announced today that it will drop sponsorship of "The Untouchables," a television show that has aroused the ire of persons of Italian descent.

The company also said it was dropping "Asphalt Jungle" and "Adventures in Paradise."

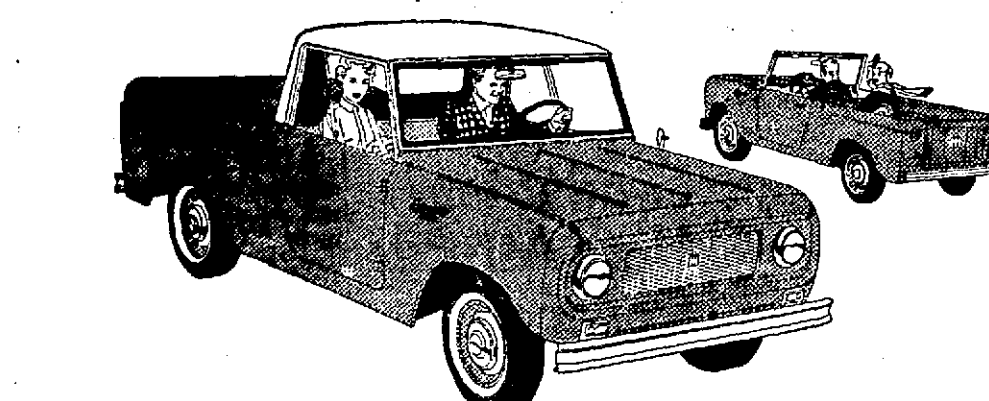

It said it is not continuing this fall, under its renewal agreement, participating sponsorship with the American Broadcasting Co. television network in the three programs.

The reason given by the company was that the programs have been rescheduled by ABC at 10 to 11 p.m. rather than 9:30 to 10:30 p.m.

Persons of Italian descent had protested at the number of gangsters who bore Italian names in "The Untouchables," a Thursday night program based on activities of federal agents during the prohibition era.

Rep. Alfred Santangelo, D-N.Y., state president of the Federation

## JUST OUT...the SCOUT

It's a hardtop pickup, an open air runabout, an off-road workhorse—a whole new idea in low cost transportation. Top, windows and doors come off in minutes. It has full-width seating for three. An all-steel body that hauls man-size loads of cargo and has extra seating

on full-width wheel housings. The INTERNATIONAL 4-cylinder Comanche engine saves on gas and oil. Optional all-wheel drive provides go-anywhere traction. Optional steel Travel-Top with lift gate and windows converts the Scout into a town delivery.

Costs little to buy ...less to run! Drive it, price it...today!

## BIG WAGON...the TRAVELALL

this one gives you family room on wheels!

It carries 9 people in comfort and safety, has lots of usable loadspace, goes anywhere on or off the road. The floor is flat and the tailgate folds down for easy loading. Rear window is electrically operated. Independent front suspension\* provides a smooth ride over any road. Rugged box-type frame\* lends sturdy passenger and load support—

won't twist or rupture. A clean underside offers extra ground clearance for travel off-road. And a standard INTERNATIONAL V-8 engine provides snappy power for any purpose, and saves as you go. All wheel drive available. The TRAVELALL is so maneuverable a woman can handle it easily, \*On C-100 Model

**Calendar**

**Thursday, March 16**  
The Leslie Huddleston Post of the VFW Auxiliary will meet on Thursday, March 16 at 7:30 p.m. at the home of Mrs. Woodrow Baker. All members are urged to attend.

The Daffodil Garden Club will meet at the home of Mrs. Bill Tolson at 1:30 on Thursday, March 16.

Chapter 328 Order of the Eastern Star will meet on Thursday, March 16 at 7:30 p.m. at the Masonic Temple. All members are urged to attend.

The Azalea Garden Club will meet at 2 p.m. Thursday, March 16 at the home of Mrs. Ralph McPherson with Mrs. Roy Stephenson as co-hostess.

The Blewins P.T.A. will meet on Thursday at 7:30 p.m. at the high school auditorium.

**Friday, March 17**  
Mrs. Robert Phillips of Malvern will present a flower arranging demonstration with emphasis on the flower arrangements on Friday, March 17 at the First Presbyterian Church from 9:30 a.m. to 12 noon and from 1:30 p.m. to 4 p.m. An admission of 50c will be charged to each out of town visitor and each local non-member.

The Catholic Women's Alter society will have a smorgasbord for the public on St. Patrick's day, March 17, at the church hall on E. 3rd St. Admission is 50c for adults and 50c for school children from 5:00-8:00 p.m. A person can have all he can eat for these prices. The ladies are anxious for their fine dishes and will serve such things as barbecued turkey, chicken and dressing, fried chicken, baked ham, vegetables, salads, and desserts.

**Monday, March 20**  
Wesleyan Service Guild No. 2 will meet at 7:30 p.m., Monday, March 20 in the home of Miss Mary Louise Copeland. Members are asked to bring their World Bank as they will be opened at this time.

**Hope Duplicate Bridge Holds Master Point Night**  
There were four tables of play at Master Point Night of the Hope Duplicate Bridge Club Monday, March 13 at the Diamond.

The highest scoring couple was that of Mrs. Marie Hendrix and Mrs. Harry Hawthorne. Mrs. E. J. Whitman and R. L. Broach teamed up to take second place, and Miss Elizabeth Bridwell and Mrs. E. P. Young, Jr. were third.

**Garland P.T.A. Meets**  
The Garland School P.T.A. met Wednesday March 8 at 3 p.m. in the school auditorium. The meeting was opened with the Lord's prayer being repeated in unison. Mrs. B. W. Edwards, president, conducted the business session. Mrs. Harold Brents read the minutes. The treasurer's report was given by Mrs. M. D. Hatch in the absence of the treasurer. Mrs. Herbert Rogers, Mrs. Merlin Cox, Mrs. Arthur Gibson were selected to serve on the nominating committee. Mrs. Lynn Harris gave the president's message. Mrs. Bob Herndon and Mrs. Earl Thomason's second grade rhythm band sang and played 3 safety numbers under the direction of Mrs. Herndon accompanied by Mrs. Hatch. Mrs. Harold Brents and daughter Christie played 2 piano duets.

Mrs. Hatch introduced Mrs. Ernest Graham, health and safety chairman of the home Demonstration clubs, who gave a most interesting and informative talk on safety. Mrs. Herndon's second grade won the room count.

**Forrest Hill H.D. Club Meets With Mrs. Scot Owens**  
The Forrest Hill Home Demonstration Club met Thursday March 9 at the home of Mrs. Scot Owens. The devotion was given by the hostess. Prayer was offered by Mrs. Owens. Each member answered the roll call with "What I do on Easter". The eye opener was given by Mrs. Scot Owens. There were 10 members present. The next meeting will be on April 18.

Refreshments were served to those present.

**Cub Scout Pack 92 Has Wiener Roast**  
Der 3 of Cub Scout Pack 92 met at the home of their Den Chief, Edward Bode, for a wiener roast after school on March 9. After a nature hike along the country road, the boys built their fire and found their wiener sticks. Then, of course, a good time was enjoyed by the crowd as they cooked wieners and marshmallows. A surprise cake was presented to Edward Bode to remind him that

he would be 12 on March 12. Those who attended the party were Dennis Arnold, David Beasley, Terry Collier, Joe Bailey, James Laughard, Billy Schultz, Keith Wood, and future Cub Scout Gary Rhodes. The Den Mothers are Mrs. J. Aubrey Collier, Jr. and Mrs. A. J. Rhodes.

**Friday Bridge Club Meets With Mrs. Tom McLarty**  
Two tables of club members assembled for a meeting of a local Friday Bridge Club on March 10 in the home of Mrs. Tom McLarty. Spring flowers, including jonquils and japonica, graced the home.

High scorers were Mrs. M. M. McCloughan and Mrs. Charles Hayrell. For refreshments the hostess served a salad plate and coffee.

**Coming and Going**  
Mr. and Mrs. Louis G. Schneider have returned to Little Rock after several days in Hope.

Rep. and Mrs. Talbot Feild, Jr. and Cathy have returned to Hope after residing in Little Rock during the recent session of the Legislature.

Mrs. Taylor Stuart leaves Friday for Hollywood, Fla., to see her sister, Mrs. Glenzie Graham, and Mr. Graham.

Mrs. Ronnie Nations and Jay of Kingsport, Tenn., are visiting her parents, Mr. and Mrs. Harry Shiver.

Mr. and Mrs. A. D. Brannan spent the weekend in Dallas, Tex., with Mr. and Mrs. Johnny Brannan and family.

Mrs. G. A. Hobbs visited her daughter Sandra at SMU in Dallas, Tex., over the weekend.

Mr. and Mrs. Tom Ed Hays of Dallas, Tex., were the weekend guests of his parents, Mr. and Mrs. Thomas Hays.

## Flower Show Specialist

Mrs. Robert Phillips

A one day demonstration of flower arranging sponsored by the Federation of Garden Clubs will be held March 17 at the Presbyterian Church. The hours are from 9:30 a. m. until 4 p. m. There will be a recess for lunch from 12 until 1:30.

Conducting the demonstration will be Mrs. Robert Phillips of Malvern who is accredited by the National Council of State Garden Clubs as an Instructor in Flower Arranging and Flower Show Practice and is also a Master National Accredited Flower Show Judge.

In Arkansas Federation of Garden Clubs Mrs. Phillips has served as Purple Ribbon Judge for Flower Shows, as State Chairman of National Publications and State Chairman of Flower Shows, as State President of the Arkansas Judges Council as Director of the Southwest District. She is now serving as Recording Secretary for the Arkansas Federation and as Vice President of the State Horticulture Society. Mrs. Phillips serves on the National Board as National Chairman of Inspectors for Flower Show Schools.

Mrs. Phillips received her Bachelor of Science Degree from Texas Woman's University and after serving a year's internship in New York City as a Hospital Dietitian she did graduate study at Columbia University.

The public is cordially invited to attend this demonstration as well as all garden club members. There will be a charge of 50c for all non-members.

Mr. and Mrs. U. C. Phillips of Washington announce the arrival of a baby girl March 10.

Mr. and Mrs. Dale Martin of Emmet announce the arrival of a baby girl born March 11.

Mr. and Mrs. Willis Glass of

## Oil Commission Group to Meet

AUSTIN, Tex. (AP) —The executive committee of the Interstate Oil Compact Commission will meet here Monday to discuss financial affairs and plans for the mid-year session. Gov. Price Daniel said Tuesday.

The governors of Arizona, Kansas, Nebraska, and Utah, as well as representatives of the governors from Arkansas, Alabama, Colorado, Kentucky, Louisiana, New Mexico, South Dakota, Florida and Oklahoma, will meet with Daniel.

Lewisville announce the arrival of a baby boy on March 13.

## A New Farm Setup Asked by President

WASHINGTON (AP) — President Kennedy is expected to ask Congress Thursday to approve a farm setup under which growers would write their own crop programs, subject to legislative veto.

This would be radically different from existing farm programs, although the idea is not new. Legislation along those lines was defeated last year after being introduced by a group headed by Rep. W. R. Poage, D-Tex. Similar proposals also have been made in the Senate.

Congressional sources said the President will seek a broad delegation of powers to him and to Secretary of Agriculture Orville L. Freeman to deal directly with farmers in forming programs embracing kindred and competing commodities.

The farmers themselves would be asked to agree on the type of federal controls, price supports and other government props they believe are workable for the particular group of growers involved.

As an example, growers of wheat, corn, oats, grain sorghum and kindred crops would be asked to form their own program. Another group might include producers of cotton seed, soybeans and peanut oil.

The hoped-for result would be to take out of the hands of Congress the job of having to draft intricate and controversial legislation covering the diversified field of agriculture.

This would apply to the farm problem the same principle involved in congressional grants to the President to reorganize government departments and agencies.

As in legislation of this latter type, Congress would retain a veto over the decisions of the individual farm groups. These groups could put their programs into effect by a two-thirds vote of the growers involved.

But if Congress decided within a specified time limit—probably 60 days—that the particular program failed to fit the over-all agricultural pattern or involved too large expenditures, it could kill the program by a majority vote.

Kennedy, who has made it clear in the past that he does not regard himself as a farm expert, was said to have approved the principle of the new program after some rather despairing efforts had been made to draft an over-all legislative program.

Under the new plan, Congress would be asked to vote authority to the President—which he in turn would delegate to the secretary of agriculture—to use all of the

## DOROTHY DIX

Life Begins at 33 For This Wife

By HELEN WORDEN ERSKINE

Dear Helen:  
My husband claims he no longer loves me and wants a divorce. I am a 33-year-old housewife, married 13 years and have two children, a boy, 12, and a girl, 5. There have been two women in latest is a 23-year-old secretary in his office. He is 35 and a very successful business man. We are now at the financial stage of settling our problem.

When not interested in other women, he is pretty decent to live with but this time he has gone too far and I refuse to put up with it any longer. There are always two sides to every story. He has his also.

My problem is to be strong enough to see my children through this and let it affect them as little as possible. They love their father.

I have tried desperately to save my marriage but my husband refuses to listen to anything but getting away from me. I'm not asking you to advise me on the divorce for that is already in process but I want above everything to help my children. —M. S.

Dear M. S.: You can make or mar your children's character and future by your state of mind. If you treat this trying experience as a test of character, meet it with head high and go forward, they'll go forward with you.

When one door closes, another opens. You and they are crossing the threshold into a new life. Make it a happy one by being cheerful for their sakes, even if it almost kills you. At 33, life is before you to make of it what you will. No tears!

Dear Helen:  
My niece's 11-year old daughter refuses to dress like a little girl should on weekends. She prefers jeans, blouse and cardigan. She wanted a boy's bike for Christmas. She will stay home rather than wear a dress. We've all tried talking to her but got nowhere. —Antie

Dear Antie: Don't put your little niece on the defensive by taking her distance for wearing dresses too seriously. Ignore the jeans, shirt and cardigan mood. If she's pretty, tell her so. If she isn't, praise her best features and unobtrusively help her make the most of them. Build up her self-confidence to the point where she will want to look her best and agricultural props now available. These would include compensatory payments to growers, direct payments, crop loans, purchases and others.

Send your problems to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "Our Fine Teen-agers."

## Girls Don't Overlook the Complexion

There's a bright, colorful outlook in beauty for spring that complements the excitement of the fashion scene. And, this new era of color calls for an inventory and appraisal of cosmetics and coiffures.

With so much emphasis on the period of the Thirties when glamour was spelled with a capital "G," skin care and hair styles come in for loads of attention.

For spring, hair is smooth, short and polished looking - often with an upswept wing or a kissing curl at the cheek very much "the thing."

Bangs are usually casual looking; the most flattering hair length stops just below the ear, and there's modified fullness at the crown.

High rising and swept-brim hats put the eyes into focus and call for careful attention to mascara, liner, shadow and pencil artistry.

Completing the new picture - a complexion that's creamy, translucent-looking and - cared-for. Lips are well-defined with deep, gold-glowing tones and colors that reflect the spectrum of the season. Lipsticks are non-glossy, with a subtle brilliance.

Color goes to the hair, in high-light colors, in eye shadows that are gentle reflections of all the colors of the season and in the gentle reflections of all the colors of the skin.

For the total look of beauty, add a natural smile, good posture and a fragrance that reflects your personality. Be the woman worth giving that admiring second look.

## Castro Fumes on Counter Revolutions

By RICHARD VALERIANI

HAVANA (AP) - Fidel Castro threatened today that Cuba will "form many revolutionary governments-in-exile" - beginning with Puerto Rico - if the United States sanctions a Cuban government-in-exile.

The prime minister made a sharp counterattack to President Kennedy's announcement of a broad 10-year economic and social development program for Latin America and Kennedy's expression of hope that the people of Cuba "will soon rejoin the society of free men, uniting with us in our common effort."

Castro quickly interpreted the Kennedy program, outlined to Latin-American diplomats at a White House reception, as a call for a revolt against his regime.

"If they promote revolution against us, we will promote revolution against the governments which promote revolution against us," he said.

Castro linked his attack on the Kennedy administration with a fresh charge of aggression by the United States. He said the United States had supplied counter-revolutionaries with an armed ship that shot up the nationalized Texaco oil refinery at Santiago before dawn Monday.

The government - controlled press and radio said the ship probably sped to a refuge at the U.S. Naval Base at Guantanamo Bay after firing shots that killed a Cuban sailor, wounded a militiaman, and set fire to an atmospheric tower at the refinery, and punctured three tanks.

Officials at the naval base, 45 miles east of Santiago, denied the vessel had taken refuge at the base.

Castro fumed with anger in a three-hour postmidnight speech before a rain-drenched crowd around the steps of Havana University. While the crowd was gathering, a bomb exploded in the Vedado district branch of the Cuban National Bank. No one was hurt.

Castro charged that armed attacks on Cuba had increased since Kennedy took over the presidency. He showered his warmest praise yet on the Soviet-led Communist bloc. Castro derided Kennedy as a "captive of monopolies" and called the President's "supposed alliance for progress a historical joke which intends to be a continental joke."

Castro said "barely two years ago the Yankee empire did not remember (Latin) America existed." He said the Cuban revolution and leftist advances in Latin America had awakened the United States.

He declared: "The cowardly giant feels weak in the face of the moral and the reason and the prestige of small people and says the problem is a problem of all America. And we say that the problem of Cuba with the United States is not a problem of Cuba with the United States but a problem of all Latin America with the United States."

WASHINGTON (AP) - A House Banking subcommittee approved today a \$394-million bill for loans and grants in chronically depressed areas.

As approved, the measure closely resembles one on which the Senate is expected to vote late today.

A House vote may be possible before the end of next week.

The legislation would provide federal loans and grants to attract job-making plants to areas long suffering from heavy unemployment.

Sen. Paul H. Douglas, D-Ill., sponsor of the bill and its floor manager, made two reluctant concessions Tuesday in an effort to assure enough votes to win passage. An almost identical measure cleared the Senate only 49-46 three years ago.

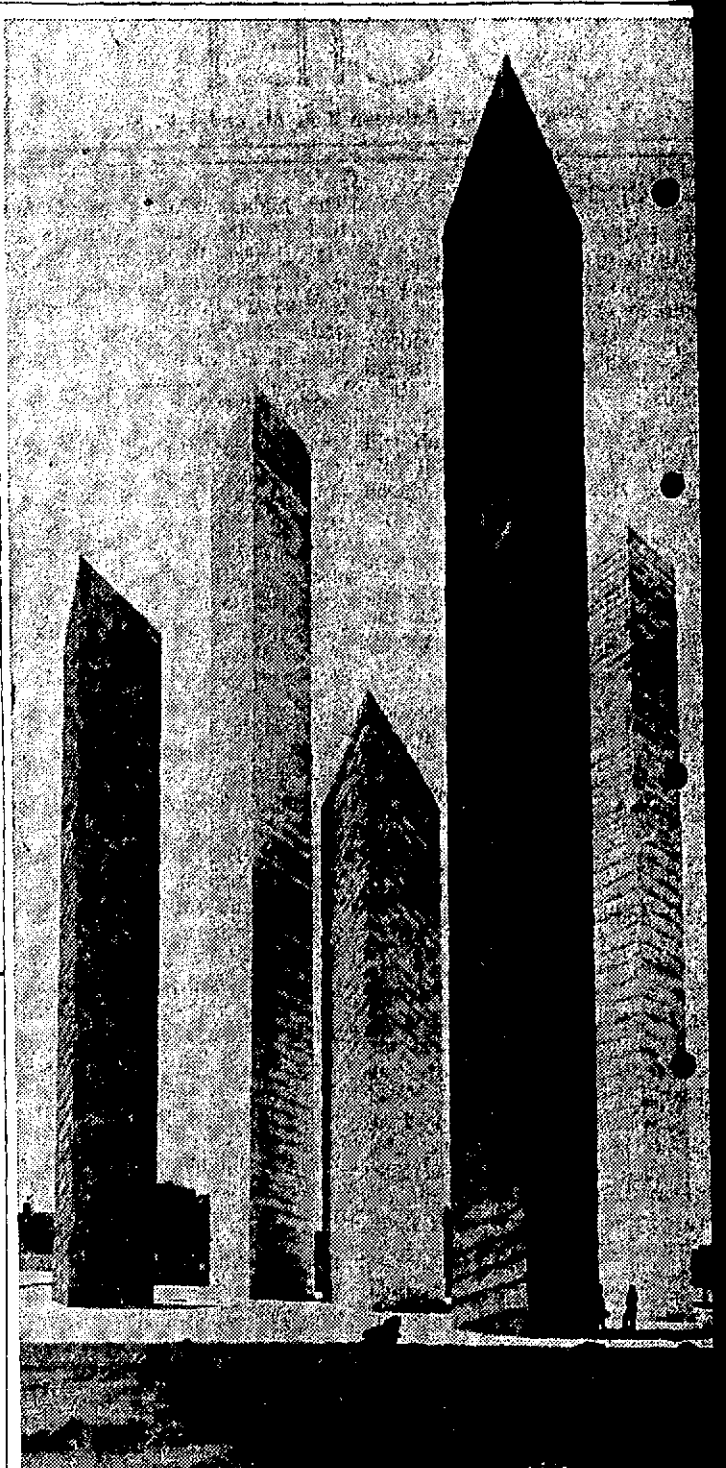

But on the amendment which supporters of the measure most feared, a proposal to change the financing system drastically, they were able to squeak through to a 49-45 victory.

This amendment, offered by Sen. A. Willis Robertson, D-Va., was supported chiefly by Republicans. It would have required that the \$300 million in loan funds in the bill be provided through regular appropriations.

As the bill came to the floor, it permitted this money to be taken directly from the Treasury in advances.

Douglas said this plan was essential to get the program moving in a hurry.

It is estimated that half of the hamburger meat consumed by Arkansians are purchased by urban residents.

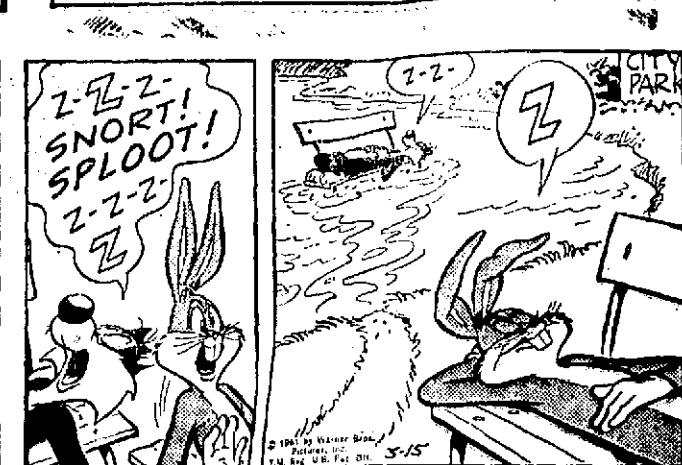

GATEWAY TO TOMORROW—Striking 114-foot structure mark one of Mexico City's modern suburbs—Ciudad Satellite (Satellite City). Presently only 300 homes have been built in this "city of tomorrow," but envisioned as 50,000 within 10 years.

# Louisville and Bonnies Pass First Tests

By DON WEISS  
Associated Press Sports Writer

St. Bonaventure and Louisville, a couple of handy at-large teams with mighty Ohio State in their sights, have made it through their first tests in the NCAA basketball tournament—thanks to a couple of second-half surges.

The Bonnies, the nation's No. 3 team, rallied to beat little Rhode Island 86-76 and Louisville's Cardinals broke away after the intermission to topple Ohio U. 76-70 Tuesday night, joining Morehead (Ky.), hulking Wake Forest, and sharp-shooting Princeton as first-round winners in the start of the NCAA eliminations.

Three more games tonight—Marquette at Houston, and Arizona State U. vs. Seattle and Southern California vs. Oregon at Portland, Ore., will complete the first-round scrambling and provide the full 16-team lineup for regional semifinals at Charlotte, N.C., Louisville, Lawrence, Kan., and Portland on Friday and Saturday.

The four regional winners advance to the national semifinals and final at Kansas City, March 24-25.

St. Bonaventure, an 84-82 loser to Ohio State earlier in the season, got 34 points from sophomore Fred Crawford and 29 from All-American Tom Stiff in fighting off pesky Rhode Island in the middle part of an Eastern regional tripeheader that drew 18,327 to New York's Madison Square Garden. The Bonnies, now 23-3, will be matched in the Eastern semifinals at Charlotte Friday night against Wake Forest, the muscular, hard-driving Atlantic Coast Conference champion which made up a 10-point halftime deficit in the Garden windup and routed St. John's (N.Y.) 97-74.

Princeton, now matched with St. Joseph's (Pa.) in the other Charlotte test Friday, spilled George Washington's Southern Conference kings, 84-67 in the Garden opener. St. Joseph's drew a first bye.

Louisville's victory came in the Mid-East regional at Louisville and advanced the Cardinals (20-7) against defending NCAA champion Ohio State and its 29-game winning streak Friday night. Morehead, champion of the Ohio Valley Conference after a three-way playoff with Eastern Kentucky and Western Kentucky, thumped Xavier of Ohio 71-66 at Louisville with Granny Williams and Ed Noe each scoring 21 points. Morehead (19-10) will play four-time champion Kentucky, the Southeastern con-

## Fishing Around Arkansas Lakes

LITTLE ROCK (AP) — Here is a fishing forecast from the Arkansas Game and Fish Commission:

Lake Norfolk: Water low and clear. Black bass fair on jigs and cels. White bass fair on spinner bait.

Lake Bull Shoals: Water condition good. White bass good on Daisy Shiners, Dixie Jets and Mr. Chumps.

Lake Conway: Water a little above normal. Bass and crappie fair to good on minnows. Bream fair on crickets and worms.

Lake Hamilton: Black bass fair to good on artificial bait. Crappie good on jigs and minnows. Breams fair on crickets and worms.

Lake Ouachita: Water muddy upper end. Bass and Crappie fair on artificial bait and live minnows.

Lake Greason: Water dingy upper end, clear lower end. Water a little high. Largemouth black bass good on artificial bait and large minnows.

Lake Catherine: No report.

## Yanks Getting Ambushed, Lose Reliever

By MIKE RATHET  
Associated Press Sports Writer

Beset by ambushes along baseball's exhibition trail, the American League champion New York Yankees were faced today with the prospect of opening the season without southpaw relief artist Luis Arroyo.

The portly 32-year-old left-hander was struck on the left wrist in batting practice Tuesday by a line drive off the bat of rookie catcher Jesse Gonder just before the winless Yankees went out and lost their fourth in a row, 4-1 to the Milwaukee Braves.

Arroyo, who won five and lost one while making 39 relief appearances after being brought up from the International League, suffered an oblique fracture of the ulna bone. He will be out from three to four weeks.

The Los Angeles Dodgers made the world champion Pittsburgh Pirates their first victim with an 8-3 win that snapped the previously unbeaten Bucs four-game winning streak.

In other games, Don Zimmer's two homers led the Chicago Cubs to a 9-5 triumph over the Los Angeles Angels, a ninth-inning rally gave the Chicago White Sox a 5-4 win over Minnesota, four homers powered Cincinnati to a 7-4 victory over Detroit, Kansas City edged Washington 2-1, Philadelphia beat St. Louis 8-7 and Boston nipped San Francisco 6-5.

Doubles by Joe Adcock and Charlie Lau and pitcher Carl Willey's single accounted for two Milwaukee runs in the sixth before Hank Aaron clinched it with a two-run double in the ninth. Don Nottebart, 25-year-old right-hander, pitched four innings of perfect ball against the puncheonless Yankees. The Dodgers put it away in the first against Pittsburgh's Vinegar Bend Mizell, with Frank Howard's 450-foot homer the key blow in a four-run uprising. Don Newcombe, Los Angeles starter, picked up the win although touched for a two-run homer by Smokey Burgess.

Zimmer's homers topped a 13-hit Cubs' barrage that included a pair of doubles by Ron Santo and triples by Al Heist and rookie Nels Mathews. Pitcher Bob Rodgers filled in the ninth.

## Weiss to Head New Entry

MIAMI BEACH, Fla. (AP) — George Weiss, former general manager of the New York Yankees, today was named president of the new organization but who takes over a post as chairman of the board of directors.

Weiss joined the Yankees in 1932, became general manager in 1947 and served the New York American League team until last year when he was retired.

No announcement was made at a press conference here on the probable identity of the new National League entry's field manager.

Two men have been prominently mentioned—Leo Durocher, former manager of the Dodgers and Giants who now is coach with the Los Angeles Dodgers, and Casey Stengel, former manager of the Yankees.

## Economy Run Heads Into Last Lap

LITTLE ROCK (AP) — The 64-car Mobilgas Economy Run caravan, which includes three drivers from Arkansas and headed for St. Louis today after an all-night stop-over here.

But the Arkansas drivers haven't fared too well for the first 1,899 miles of the Los Angeles to Chicago run, trailing well behind the leaders.

Ruth Levy and Bob Cannon, both of Little Rock, and G.G. Cockmon of Benton, entered the competition which ends Thursday with the winners being announced at Soldier's Field in Chicago.

Still leading the pack is a Ford Falcon with manual transmission which has averaged a record 33.62 miles per gallon.

Several drivers lost their way on the Dallas Freeway and others were slowed by heavy Arkansas traffic in the drive from Dallas Tuesday.

The caravan will spend tonight in St. Louis and leave the following morning for Chicago where the winning cars will be announced.

ference representative making a record 12th appearance in the NCAA.

In tonight's games, the Houston-Marquette winner will advance to the Mid-West regional at Lawrence Friday against Kansas State champion of the Big Eight, in a doubleheader also matching Cincinnati and Texas Tech; while the two Far West winners will advance to the Portland regional Friday against each other in a doubleheader that also matches Utah and Los Angeles Loyola.

ing morning for Chicago where the winning cars will be announced.

## That Horizontal Silhouette Sets New Handbag Style

Fashion arithmetic dictates that the height of the hemline will set the width of the handbag this spring. And as fashion's hemlines are widely varied, leather handbag shapes are more varied than they have been for many years — say fashion authorities.

Harmonizing with knee-length hems are broader "horizontal" bags in smooth, grained, antiqued and suede leathers. These new "wide" bags depend on the soft sheen of their leathers to dramatize their simple lines. For dresses, skirts and coats which drop below the knee, the fashion-wise will carry long vertical envelopes of firm, antiqued calf or an oversized pouchy satchel of suede leather.

New-looking is a spacious half-circle of grained leather that's at its handsomest when teamed with tailored fashions. Supple leather bags with a 1961 look take on detail interest with belting, shirred effects and horseshoe-shaped padded handles.

Calf, kid and suede and leather in bone, taupe, green and amber merge with spring's softly understated fashions. Alligator and reptile in vivid colors — turquoise and shocking pink — contrast with pastel plaids and grey menswear flannels.

In spectator bags, white is an important color this season. Large shapes in white are interpreted in ostrich, calf and cabretta leathers.

For evening, fashion cues a tiny clutch of suede leather or a little envelope bag in lustrous or pearlized leather. Jeweled locks and gold chains adorn many evening bags, particularly on white leathers.

For day as well as evening, handbag hues range from whites to deep, warm hues as well as intense blacks.

## New '61 Look Is Subtle Ease

Watch for a profound change in women's clothing fashions as the "New Look" is subtle enough to be accepted without any hesitation.

The sum of like slenderness, mobile cut, easy shaping, elongated bodice, bared throat, bared arms, and a "small" but decorative head with individualized hair styling and forward hair — will comprise the "No. 1 Silhouette" in spring fashions.

## This Spring, Eyes Have It in Color View

The woman who receives lavish attention is the woman whose eyes are bewitchingly beautiful because she subtly enhances them with eye makeup, and lovely eyes are focal points for spring.

There are four steps, say Coty cosmetologists, that will dramatize a woman's eyes.

First, select a subtle eye shadow color that blends with the color of your gown. Stroke the shadow in a wide swath just above the lashes, then blend with fingertips, upward and outward — but not beyond the edge of the brow. For a more exotic effect, use iridescent eye shadow in conjunction with eye shadow chosen and lightly blend in for a luminous effect.

The second step is to line the eyes with liquid liner. Hold your mirror below your face so that eyes are half-closed. Starting at the inner corner, draw a fine line along the base of the upper lashes. Finish with a short, fine, up-tilted stroke at the corners to give them a longer look.

The third step — darken brows to beautifully accent the eyes. Apply pencil in feather strokes to the hairs of the brows, touching the skin only to fill in sparse places or to reshape or arch the brows. Then, gently blend in with the little finger or brush.

The fourth step, which gives a deep, romantic luster to eyes, is to sweep over the lashes from base to tip using a wand-type mascara applicator. When the lashes appear thick and luxurious, tip the ends with an exotic iridescent shade.

Cloches leading the Easter parade of hats, are fashioned of rough straw and braided straw, in both deep and high-crowned fashion. Diagonal designs and satin

**EASTER GIFT-ABLE!** A new lipstick size lighter that's gas-powered and fits even the smallest evening bag is a handsome gift for the fair lady. Custom-designed for the feminine hand, the slender, engraved gold color lighter features instant lighting and adjustable flame control.

## Half Sleeved Dress Shirts Favorites

Dress shirts with an eye to the new season have two things in view: comfort and good looks. The fancy half sleeve shirt which continues to gain popularity now has added top interest — the British grip-tab collar.

Besides the British look collar, pink tab length (pointed and rounded) — tabless tabs and round collars — shorter button downs — plus tab length collar with moderate spread will set the spring-into-summer dress shirt collar trend.

On the cuff, it's a totally different story as cuffs will be fancier than ever with angled tabs, slit plackets, buttoned versions and others.

As for fabrics, all are keyed in spring-into-summer weights. Colors are British influenced in crisp stripings, checks (medium and batiste weights); ivory, muted gold, pewter, denim blue, pink, geometric, white on whites, sleek satiny accents on lenos and stripes. All look neater and have an opaque quality.

bindings highlight the rough textures of these new straw hats.

## 'Foreign Intrigue' in Raincoats

To satisfy the ever growing demand of American men for raincoats, more manufacturers are turning to foreign countries for design ideas as well as new sources of supply.

As a result, there is a greater variety in design. American producers also are offering new models in colored and patterned fabrics, giving these utility garments new importance.

Raincoats probably will gain favor again this spring at the expense of topcoats. One reason being that the rainwear weighs less than other coats. The range of colors, fabrics, and styling is such that many of the new raincoats can double as dressy garments in any weather. The repellent coats include muted plaids and India madras effects.

Science boasts the appeal of today's rainwear to make it extra special for a man's busy life. New finishes such as "Scotchgard" repel water, oil and a wide variety of stains from fabrics.

Wash and wear qualities, topcoat styling, removable linings and more color are all rainwear dividends this season.

## RAIN "DEARS"

Spring showers are fun when you're wearing a smart new raincoat that takes to water like a duck! Many of the new spring styles are also designed for fair-weather wear, thereby doing double duty.

Specially treated cotton tapes are popular in three-quarter length styles, while the traditional yellow "slicker" in rubberized fabric is featuring cape-sleeves for a new look. The trench coat, with its air of foreign intrigue, is now a classic in specially treated combed cotton poplin.

## Plumage Touch to Men's Hats

Spring '61 accents in male plumage points up acceptance of feathers and ornaments to spark new hats. New adventures in trimming takes the conventional bow, unchanged for a century and replaces it on casual hats with swirls of rope or braided bands, with pin or feather as a finishing touch.

Rings and belts buckles are used to join the band ends. More feather bands are shown. And the trims are not confined just to casual hats. Plumage of ramie and raffia now dress up the straws. Sport caps have symbolic embroidered ornaments, too!

Every male who desires just a flash of color this spring will get the color flash with lots of dash.

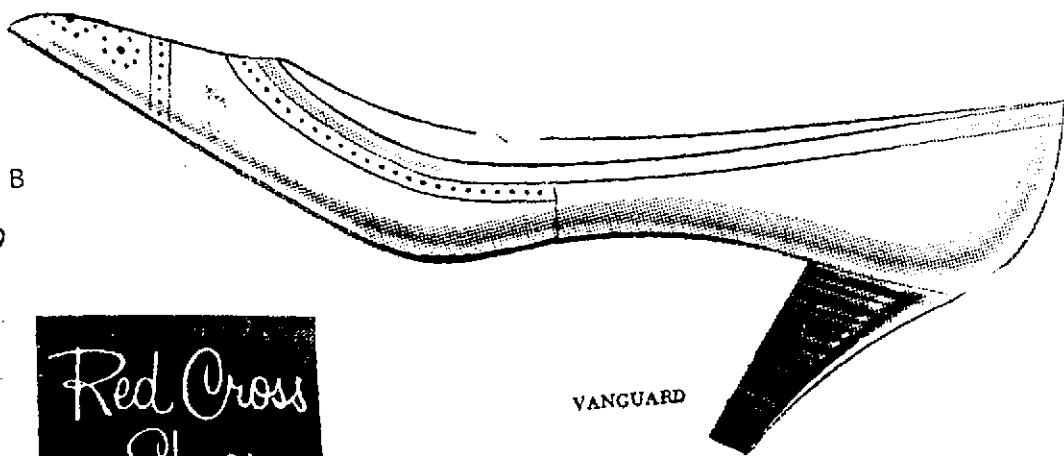

**SLEEK PATENT LEATHER STEPS OUT SMARTLY FOR** spring in a slip-on with contrasting leather outline on the sole edge and a smart Continental tapered toe.

## ELEGANT VARIATIONS ON Spring Fashion Themes

When the occasion promises excitement, and certainly Easter does with all the new spring outfits on parade, we've the fashions to match the mood of the most memorable moment.

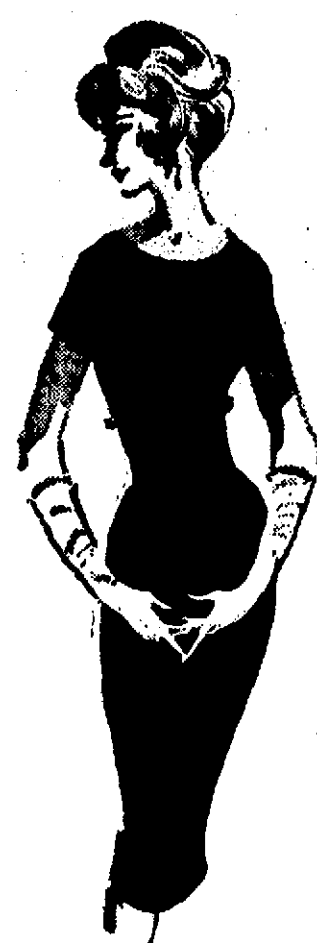

Styled by Mr. Joseph and tailored of pure silk... any woman will look lovely and smart in one of these suits designed to give important balance to the silhouette. Fashionable women depend on Mr. Joseph for the latest in style and in stunning looks. The quality of Mr. Joseph suits assures Easter elegance.

Compliment your Easter outfit with gloves by Fownes. You will want to take care in choosing the proper length and color. The ultimate success of an outfit depends on accessories and Fownes gloves are always styled to blend in beautifully with the latest fashion trends.

"You'll Be the loveliest lady" ... in one of our Ausbury Originals, delicately detailed hats in many flattering designs and colors. A beautiful white creation of petals accented with soft velvet ribbons or a black straw with chiffon rose and wispy veil, just unpacked from the latest spring shipment.

Slender figures dramatically emphasized by the soft fluid lines of sophisticated yet youthful designs by Candy Jrs. and Jeanne D'arc Juniors. Our spring collection for the young or "the young at heart" is new and thrilling. These lovely dresses are in an array of colors ranging from neutrals and black and white to the brightest splashes on the artist's palette.

THE FASHION SHOPPE

102 West Second Street, Hope

"BRITISH-GENTLEMAN" INSPIRED IS THE LOOK OF fashion in these linen-look sport coats. A new blend of 65% Dacron and 35% flax gives the authentic texture look to the fabric yet resists wrinkling. Pale hues and subdued styling make these tropical-type coats just right for warm weather activities.

## Men's Footwear Steps Out in Neatly Defined Styles

Men's clothing for Spring has inspired an abundance of new casual footwear in light airy leathers and bright spring colors. Lightness of weight and appearances characterize the casual and dress shoe types. Light leathers soles are preferred; even in playshoes. The uppers are made of new spring-weight leathers for that "walking in the clouds" feeling.

New casual shoes, dubbed "carefree" by shoe designers because they're made for carefree living and because the leathers, such as washable white and scuff-resistant smooth and grained leathers, are easy to care for.

White, in a distinctive pebble grain, is used on casual tie styles and slip-ons — the latter sometimes decorated with a golf-shoe kiltie on the tongue. White brown or black or both casual and dress shoes to complement light slacks and sport coats.

Brown leather colors are new this spring in hawthorn — a dark brown shade usually in grain leather; dark oak — a blackened brown with a subtle bronze undertone; maverick — a medium brown with a slight greenish undertone; gaucho — a cool tan tobacco tone, especially popular combined with white and American burgundy — a deep cordovan color that goes with almost any color suit or slacks. Burnished olive and ivy — both with a lot of green — join loden green leather shoes to make up a new

smart color family.

Polished, waxy-finish fine grain and shrunken-grain leathers are seen on casual slip-ons. These have moc toes with raised stitching on the vamp or traveling on back to heel. Some have straps across the tongue, either loose or fastened down with stitching, brass rings or fancy cut leather loops. Leather linings offer "backing" to shoes and comfort to feet.

Town slip-ons are seen with plain toes or in moc toe styles in which the stitching forms a flat reverse seam-played down effect that goes well with the restrained styles in business and casual apparel. A whole new type of slip-on is the wingtip, which offers the convenience of the slip-on but looks like the business man's elegant wing blucher.

### EASY WAISTLINES

Waistlines are in evidence, easily defined, relaxed in look. Necklines are absolutely unlimited in their many variations from cardigan to deep V-plunges. Included are such themes as jewel and slit necklines, scoops, bateaus, cowls, diagonals, mandarin, sarinas and pie cuts.

Skirts have their day in modified sheath styling; pleats in countless variation; trumpet, pout, breezeway and bias cuts. Many dresses have lots of midriff interest, or at the lowered waistline — others make the neckline a focal point.

## There's a Bon-Bon Look to Girls' New Footwear

Young girls playing "let's pretend" — can step into Mother's shoes the easy way — in Lilliputian adaptations of grown-up shoe styles, reports Shoe Fashion Service of Leather Industries of America.

The smart new all leather little girls' shoes fit as comfortably as Cinderella's slipper, and are subtle youthful copies of the latest adult fashions. These tasteful adaptations of grownup footwear fashions include the widespread use of bone, white and black patent leather — and in combinations of grain and smooth leather — or brushed and smooth leather.

Young girls' shoes achieve the pointed fashion look through clever vamp styling, and imaginative detailing that gives an illusion of length. Slim, flexible leather soles emphasize the longer look, even as they provide comforting, healthful support for tender feet. Heels too — of course, very-tiny heels — reflect the adult look through saucy slanting and shaping.

Gleaming black real patent leather shoes are being favored for year 'round fashions. New processing makes real patent leather more durable and easier to clean and takes to many exciting style variations.

Even if the young teen girl has yet to use her first lipstick, she'll love the lift she gets from spring footwear that takes its color cue from the soft, glowing colors from the new season cosmetics.

For formal wear, with spring gowns in understated colors, there are smooth leather pumps in

powder peach and lipstick pink. Lustre leather footwear picks up silvery undertones from lip and eye cosmetics.

Soft flexible flats remain popular 'round-the-clock shoe on campus or sweet shop. Versatile casual leather flats, priced pegged to the modest budget of the teenager, are the chief reason for their top position on the shoe hit parade. For class or Saturday shopping a simple brushed leather one-eyelet can be worn. Under a full-cut topper or under a shaggy sweater and pant combination a soft, supple grained leather fringed top boot-shoe is most fetching.

## Color Has Day in Men's Furnishings

COLOR, in all its kaleidoscopic splendor is the big pitch in men's and youths' spring furnishing — brighter, stronger and new tones of standard favorites will come in to view. Gold reaches a new range, that deepens into the glow of orange or softens into whitened clay tones; olive the favorite of past season, will be sharpened by pewter overtones, or pasteled into foam mist and celery shades.

Blue, in all imaginable shades, will be a strong first place contender this season. Ever popular and ever important, black and white, will strike new notes in sportswear for this spring. In all the categories of furnishings, a strong revival of stripes is in evidence — ranging from the subtle pin to bold blazer variety.

Batik, ill lend their airs of exciting, exotic profusion this spring, and are available in both authentic and simulated prints.

BRILLIANT COMPLEMENTS in jewelry for spring are expressed by this merger of pretend pearls with nuggets of bold color that bring out the fresh-water tones of the pearls. The necklace, earrings and bracelet ensemble as the perfect accessory to day and dinner fashions.

You'll find rich, deep stained glass window colors, that will bring a new glow to shirts, robes and beachwear.

If you have an eye for color... this spring will really see that you have a great variety to choose from.

### 'GLAMOUROUS' BRAS

Spring finds bras are dressing up for bared evening fashions and adding to that party-glamour feeling with finely wrought laces and delicate embroideries. The many styles designed for décolleté fashions are not only ingeniously constructed to back up each late day style, but are also fashioned with a view to enhancing that "pretty" feeling that women love.

"Comfortable as a Halo"

## RESISTOL "Self-Conforming"

A halo is the most comfortable accessory an Angel wears. He never goes without one. BUT GETTING DOWN TO EARTH... for heavenly hat comfort, the smartest and most comfortable headpiece mortal man can wear is a RESISTOL "Self-Conforming"... because the exclusive leather in a Resistol is suspended (like a halo) and conforms instantly to the shape of your head. In a wide variety of handsome new styles.

## Newsy Knits Get Nod as Style Leader

In casual and sportswear collections cotton knit takes on an important role in stripes, polka dots and solids like daffodil, tangerine, turquoise, lilac. Bolder stripes combining white, yellow, orange and hot pink are a striking addition. The beach shift with front zipper teams with tank top, play sets, some of them in two-color combinations.

Top of knee, Capri, walker and short shorts. Lengths in pants, slim and full skirts, blouses and sashed or straight falling over-blouses complete the group.

For town, smart wool knits remain favorites with busy women who enjoy their wrinkle-shedding characteristics.

New styling and fabulous new colors add additional appeal to the wonderful "on the go" qualities of a handsome wool knit or blended knit costume.

For dress-up wear other than sports, knits boast exciting scarf or cowl necklines, soft gathers at the waist, contrast stitching or show off in the fairly new face-guard knit.

**THE SILKEN LOOK AND** overblouse styling as well as a new abstract print are all newsmakers on the spring scene and make news in this blouse of wrinkleless Estroon "55" acetate by Eastman.

Ladies are taking to pants for spring in all lengths... ankle to calf to knee to Jamaica and topping them off with ponchos, tunics, pullovers and novelty shirts. Especially noteworthy are knicker pants that gather just below the knee for a charming little-boy look.

## New Bags Good Travel Mates

For gals on the go this spring new soft lightweight leather luggage is as fashion-minded as handbags and shoes. New shapes and sizes in pullman cases, overnight bags, weekend bags, train cases, fitted make-up cases and attaché cases are crafted in soft lightweight leathers with a minimum of framework.

Spring pastels — gray, blue, tan, olive, coral and others — are increasingly popular in leather luggage for women. A matched set of three or four pieces can be keyed to the color continually favored in the wardrobe.

A modern woman's luggage is in white or light leather, even if she travels by train, bus, or automobile. Luggage sides are soft to eliminate the weight of stiff backing materials, leather is extra durable and scuff resistant.

Hardware is streamlined in brass, steel or hard aluminum. Leather forms a complete surface on some bags while in others, neat seam and edge stitching in white or the same color as the bag is used.

Interiors tend to plush quilted linings and large mirrors set in satin draping in train cases and overnight bags. In the 20" and 27" sizes, various soft lining materials that are kind to your clothing are used. In many of the new pastel bags, the linings are in colors that match the leather exteriors.

### FOR GALS ON THE GO

BRIGHT COLORS favoring un-inhabited through ready to wear and take bold color bag partners. Bright fabric pouches can be teamed with the slow of bright colored coats and suits in com-

**HERE'S A SMART HAT** that gets the straw vote in all well-dressed circles. In fine imported raffia with tight center crease and narrow brim, it is amazingly pliable yet holds its shape. The Batik print band wears a jaunty sprig of raffia.

## Civil War Hats During Centennial

In recognition of, and to coincide with the Civil War Centennial, the National Cap and Cloth Hat Institute reports a revival in interest in Civil War type headgear — Confederate gray rebel caps and Union blue Yankee caps with authentic insignias will be seen ahead in young masculine circles.

The California shirt look — it's easy, it's casual, designed for relaxed, comfortable living, it's perfect for moderate weather, but it's equally right where the climate varies from day to day. Polynesia and Orient influenced and by our own Pioneer days. Look for leading colors, such as frosted olives, golds and the new off-white shade. Look for bold patterns derived from South Sea motifs.

Probably the biggest news in the California shirt look is its growing country-wide popularity. Without doubt, the California shirt look is going national!

## Styles to Flatter Almost Everyone

There's so much that's new and different in the news for spring, that Fashion seems to offer at least sixty-one variations on style and color themes for Sixty-One.

There is literally something for everyone this season — with every figure type considered in the new designs and silhouettes.

The tall figure can choose dramatic clothes that look important and give elegance to height. The petite figure can have her pick of flattery as both full-blown and sheathed silhouettes help her gain stature.

And there's a provocative light-hearted excitement in the diversity of styles for the junior sized miss or missus.

plementary or contrasting fashion or to introduce a dynamic third color.

THE CASUAL BAG, is bigger, softer and trimmer than in past seasons appears in greater numbers this spring.

Brightly-colored barbac, frizzes, pale sampler type fabrics, home-spuns, tapestries and gruspoints, more often than not are teamed with leather.

Tall zipper flaps, vagabonds with narrower tones and slimmer handles, large silhouettes with outside zipper pockets and soft pillow bags are some of the headliners.

**FATHERWEIGHT WOOLENS** in airy linen-weaves are seen smartly on the spring scene. A 4-ounce beige woolen shapes this eased-waistline sleeveless sheath; its pert bellboy jacket is a black 6-ounce wool piped in beige. For complements ahead — a bubble-top toque in a textured straw.

## Details Animate Sports Apparel

Boys' jackets for spring will really be most notable. There's an introduction of fairly new styling in the nautical theme. All the basic classical jackets are taking on the 'yachting' look with new dashing interest, sure to please every boy.

These up-dated classics feature both good looks and function. Fresh interest includes underarm insets for freer movement of arms; fancy rope tie closings that replace the zipper; reversible jackets that turn about with gay new season fabric linings; new two-way collars and light outer fabrics with warm linings or no linings at all.

For the boys who are sailors at heart, and those who just want to look nautically nice, this is the season with their right fashions.

After the outbreak of the Civil War, Arkansas had 40 publications or one for every 4,350 persons against one for every 9,500 in New York, 7,200 in Ohio and 5,000 in Massachusetts.

## Novelty Prints Get New Handling

Batik — show up everywhere in shirts, shorts, sports coats and otherwise. There are native varieties — domestic cottons with easy-to-identify prints and easy care synthetic blends with zany patterning. Expect a new kind of Madras, that combines the look of this fabric with batik. Results are plaid with batik type discharge printing. There are circle or diamond shaped all-overs, vertical and horizontal stripes formed by abstract motifs and light and dark grounds, with dark preferably showing up in sport coats. Most important of all... they all look new and add a note of hold spirit to sportswear for spring 1961.

A new version of the rain-or-snow coat is the reversible cape, backed with cotton poplin for spring showers and putting on a lovely wool flannel front when it's sunny.

California's swim suit story is one of "three bares" — it's told in two-piece suits with bare mid-ribs, in deep plunging V's front and back, and in the extra-leggy look of abbreviated maillots.

At the outbreak of the War Between the States, Arkansas had two manufacturers of firearms with a total capital of only \$600 and an annual output valued at \$1,650.

## Casual Bags Spread Out

Whether traveling to town or cross-country, the newest handbags are oversize and organized. The bigger they are, the more important.

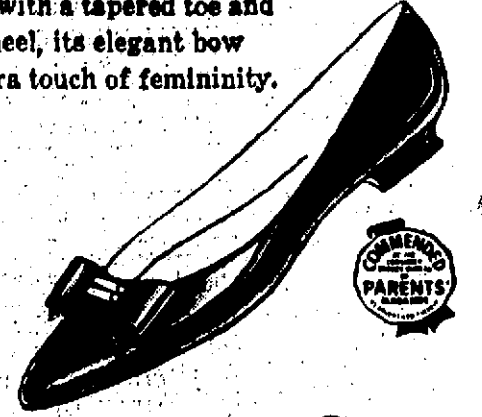

Coupled with emphasis on size and shape is an increased interest in materials. Fabrics are different and expensive-looking and leather, often exceptional capacious.

are richly mellow. The horizontal line appears in sleek and trim shapings with room for everything. These are usually well "handled" with double or fairly-wide straps for easy carrying. Richly pointed tapestries and other novelty patterns are used over and over again in spring handbags and however elegant, their interiors are roomy and often exceptional capacious.

## patent-ly pretty pump Weather-Bird Shoes

## Color Flatters That Sheer Beauty of Spring Hosiery

This season hosiery takes its color cues from the leathers with a pale, pale feeling and a bright, hot colored group of leathers. Stockings will be darker than usual for spring when worn with pale leathers and bright and sunny for the vivid vermeil and red-orange color families.

Deeper neutrals and wheat or custard colored yellowy tones in resort and spring hosiery will replace the chalky bone shades which were best sellers last year, according to hosiery stylists.

**COLOR RANGES** include the very important chamolis tones for chamolis leathers and carry-over bone shades.

These are new pale mauves and lilacs, clear, light greens, and pale pinks. Pink is sometimes deepened for the rose to magenta range and extends to the pinky red family.

Reds in pink, orange and lacquered tones and golden butters, suntan shades comprise the bright range of colors in shoes and ready-to-wear, for which hosiery shades will be golden, rich suntan tones. New in the bright range is the whole gamut of green and to gold vermilis. Vermil is the French word for gilding silver which gives a green-gold effect.

Gray receives some new cloudy treatments for wear with black patent, and blue is brightened in spring coloring.

**SHOES FOR SPRING** are doing more to show off hosiery. Basic silhouettes receive opened up treatments that make coordinated stocking tones more important than ever.

The key to the color picture in hosiery is lightness without the washed-out look, and brightness without shocking tones.

Textures and lace effects will return in many lines, although the trend will be toward flatter-

ing simplicity in hosiery for spring.

Proper coordination between shoes and stockings will be especially important this season . . . and will be simple to achieve with so many exquisite colors colors shown.

No matter where you look this spring, you'll find certain dresses, coats, suits, separates and sportswear that will look right, feel right and be right for any place in the world, and time of the year.

## Easy Styles in Boys' New Slacks

Slacks for spring offer boys 6 to 16 more new styles, fabric and pattern interests. As in past seasons, slacks still are slim and trim. Frontier or western type pockets have been replaced with more pleasing quarter-top treatment.

Colors this season are lighter. Putty and bone tones . . . powder (reflecting lighter green trend) . . . blues, alone and in combinations with olive, which this season is still an important color. Solid colors, too, also checks (small and medium) plaids, mostly glen, madras and batiks.

Fabrics, particularly for late

## The Spring Gloves Rise High to Meet Cropped Sleeves

Spring costumes, with short-length sleeves go hand-in-hand with glove fashions — especially in soft, handsome leathers.

Smart yet practical, leather gloves are seen this season in

spring into summer, offer seersucker, cotton gabardines, denims, twills, poplins and new variety of corduroy. Many new man-made synthetics and synthetic blends for long smart wear and easy care.

Shades of old and good-time living . . . look for knickers to appear again!

muted, misty colors that match suits and dresses — or in sharp, spicy tones to give flavor to an ensemble. One favorite cool color is a pale yellow shade that may become this year's newest neutral. Other leather glove hues include delicate bone, light green, and understated coral. Strong tones lean to bright fuchsia, deep brown and a strong red in smooth and suede leathers. As always, white leather gloves are basics for the feminine wardrobe.

Keyed to the softer, fluid look of spring dresses, daytime gloves

are decorated in a variety of ways — cyclot embroidery, diamond-shaped cutouts, self-leather bows and covered buttons. Tiny pearl buttons adorn shorties as well as four and six-button gloves.

Leather shorties show off with scalloped cuffs, while longer gloves sometimes have horizontal shirring up the back. Decorations on formal gloves are more elaborate — some of the 18-button lengths boasting swirls of beadwork or floral embroidery.

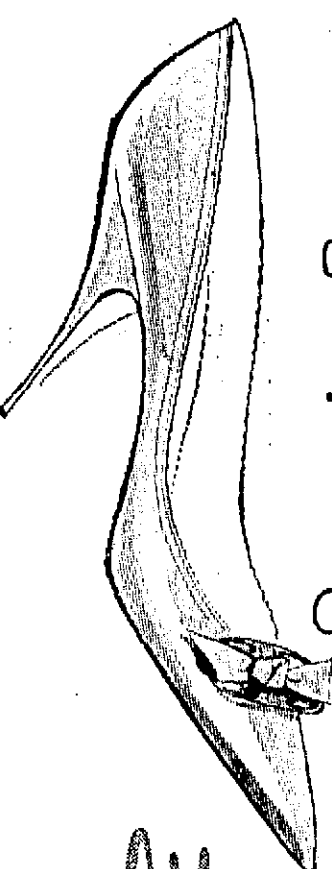

Tailored gloves harmonize with the understated look of spring suits and coats in a wide range of leathers — including kid, lamb skin, pigskin and dogskin. Tailored and casual gloves favor saddle-stitch effects and corded seams — usually in contrasting

Her Easter bonnet this year is probably a turban, a sailor or a cloche styles. These three hat looks promise to be the season's most important, with the turban appearing in strawcloths that look like knits or woven fabrics and in chiffon . . . the cloche featuring new depth, new brim movement.

colors and often in combinations of smooth and suede.

A new pair of leather gloves can smartly accent a classic costume and help one good suit cover many daytime occasions. Launder leather gloves wash easily in soap and water, leaving the gloves soft, pliable, free of wrinkles and colorfast.

## Men's Apparel Unites World of Fashion

The "International Look" is the newest style entry for spring 1961 and gives a universal look to the men's fashion scene. This new trend incorporates ideas from the wide, wide world into one basic look and gives the man away from home that "at home look" wherever he may roam.

This silhouette starts with a well defined waistline, a generous chest expression and an "honest" representation of the man's shoulder without being square or unduly sloped. The jacket front is well rounded, and has a shaped waist, both front and back to enhance the masculine look with soft body lines.

Lapels are decidedly wider than any shown during the past seasons. Sleeves are well tapered and in keeping with the shorter lengths of most jackets. Trousers, are single pleated with regular side pockets, tapered but

not narrow-legged. Two or three button single breasted coat carries the button at the natural waistline. The "International" comes with a matching vest or without, depending on the individual's taste.

Foreign "intrigue" in raincoat! Yes, Great Britain long ago became chief exporter of men's raincoats to the United States. Later, Italy came into the picture with many novelty garments. Switzerland and other countries joined the procession.

More recently, raincoats are being imported from Israel, Spain and Japan. England again is intensifying its efforts, and American manufacturers also have taken up the challenge.

LADIES SPECIALTY SHOP Hope, Arkansas

**PICTURE PRETTY ACCESSORIES FOR SPRING** — A handsome linen suit in a lovely floral print takes a partner in matched-in-color overblouse and invites the smartest accessories on the spring scene. Add a "salad bowl" breton hat with a deep round crown and high rolled-up brim is very ner, as are the capacious soft-grain handbag in color matched leather and slip-on shorties in washable white nylon. And on hand to capture the pretty fashion picture forever in snapshots or in slides — is the easy-to-use, Brownie Reflex "20" camera in a fashion-right case of black with metal trim.

## Boys Spring Styles Look Just Like Dads' in All Details

Today's young man should consider himself lucky and well dressed. Let the young man select his wardrobe from three main categories: (1) Ivy-Continental; this the traditional three button style coat with little or no suppression at the coat waist. Its ivy-type fabrics and colors, but has hacking pockets and side vents. Trousers are either belted or with belt loops, with three-quarter pockets detailing. (2) Ivy-Ivy, for the young man with extreme fancy flair. (3) Natural Shoulder; this has the natural style-look with very little shoulder padding.

Sporadically seen, but not quite enough to merit a fourth category is the British influence. British styling offers suppressed coat waist, extra pocket for change, slightly wider lapels.

Let's talk about colors . . . the trend is for soft shading in big patterns; solids will be good, too; also small patterns, plaids, checks and madras (not just the bleeders, but also dacron and cotton blends). Sure to stand out will be new putty (bone tone), pewter (green cast), sailing blue, mustard, olive with other color combinations and traditional black and browns.

As for fabrics, the flat, smooth ones will generally predominate — hard-finish worsteds, gabardines of dacron-worsted blends and dacron-wool blends and mohair.

As a bright added footnote, this season will offer double breasted styling. Look for new surface tex

tures in twill weaves. As for colors mustard, pewter, olive and navy will prevail. As a young man has a varied character, Spring too, offers him a varied character of clothing, all waiting to suit him best.

A boy's wardrobe wouldn't be complete this spring without a sportshirt! This season offers countless styles, one, will sure to be his favorite.

Notable, and the single newest fashion sensation will be the poncho or pull-over style. Smartly tapered to fit the body more closely. Among the fabric favorites — ticking stripes, sateen (with carefully matched scarf prints), hopsacking in solid and printed versions, fine woven mesh, popular oxford cloth, woven jacquards and as always iridescent cottons . . . all sure to give spring a "cool" welcoming!

Seersucker, (the original wash and wear fabric) is seen this season in interesting checks in addition to traditional stripe patterns. Embroidery, too, is widely used with motif sometimes picked up on the buttons. Newsworthy are fly-front closures. Trims of self fabric welting on shirt fronts are frequently used. Knits, too, will take to the popular poncho styling. With a solid color emphasis.

As always, beachwear offers something new — stretching knits in boxer and brief lengths. And, beachwear co-ordinates that have shorts teamed with matching

## Cotton Shirts Take on a Bold Look

What changes are in the wind in sport shirts?

News is being made as the males of the species exchange their conservative pull-overs for bright stripes and fancy necks, reports Everett Matlin, editor of Gentleman's Quarterly, the fashion magazine for men.

Yes, indeed, this is the time for bold fun shirts! Men and boys have lots of fancy shirts to choose from this spring. Hot orange, gold, green, carnation, pink, air-force blue, all in vivid hues, make news in lustrous highly polished cottons. A process called mercerization makes these fine cotton fabrics more acceptable to the new bright dyes. It is a method of polishing the cotton yarn so that colors appear more shiny, more lustrous.

Just as manufacturers carry the Durene label to show consumers the yarn of their shirts has been mercerized. The new hot colors show up in multi-color stripes, vertical stripes, horizontal stripes, broader stripes, ticking stripes and candy stripes. Stripes patterns go hand-in-hand with the paisley and batik prints that are prominent in lightweight sport coats this season.

Polished cotton shirts too, are a smart contrast to the cool soft shades of new season sport coats. Pullovers spent shirts, the kind most popular, feature deep front plackets with three or four buttons. On some shirts the placket practically reaches the belt line of the slacks.

Also newsworthy are high-V necks, boatnecks, cross-over necks — fancy colorful designs give sport shirts a sportier, more American connotation — away from trim, conservative styling. Sleeves have lots of fashion interest pointing up a less conventional three-quarter sleeve. Knit shirt stylings have embellished sleeves with vents, slits and two button cuff treatments.

Pockets are oversized and noted for detailing. They appear at the bottom of the shirt and on the sleeve as well as in conventional places . . . details that point up the smart racey styles of the bold Sixties.

### Choose Jacket Dress Carefully

With the growing importance of jacket dresses on the fashion scene, the shopper should remember that the ensemble is a sure-fire hit in a woman's wardrobe only when the total of the parts of the costume look and fit well.

Make sure the jacket is as flattering as the dress itself — and vice versa. If the costume is in two colors, make sure that each of the hues is complementary to the whole, and to you.

sport shirts, which can be worn open as jackets, or tucked in as shirts.

**TRAVEL COMPANION** — The perfect traveler for any trip is this casual coat dress with young, slim lines. An easy-on button front and short sleeves add to its plus features. In Eastman's Estron acetate and rayon it has an amazing resistance to wrinkles.

### STRETCH NEWS

New elastic fabrics in foundations spell many benefits in wear and comfort for women this Spring. There are now girdles that feature permanent shaping, in that they cannot sag, sag or stretch. Girdles are also made in lighter, softer, finer elastic yarns that give subtle control, and firm the figure to show off spring fashions to best advantage.

## Youths to Enjoy Handsome Hats

Heading into spring to give young men that finishing touch when dressing for a special occasion and the wearer a sense of pride — is a brand-new group of smart hats.

New this spring are fabric hats in madras or batik prints matching jackets of same fabric. Also seen are solid fabric hats with printed bands and brim welting. Smaller shapes with narrower brims are predominant.

Three popular new styles in brushed wool are the tapered front pork pie, the soft pinch front model, and the center crease. While these have a definite sporty air, they are equally appropriate for boy's dress-up occasions.

### The New Look Favors Linens

Spring collections point up a fabulous group of new linens, and adds the excitement of tri-color combinations, with hand-painted detailing, in ombred tones or tops them with cashmere sweaters.

Whether in pure linen or silk linen, the brighter the color the better. New combinations and strong contrasts startling enough to spark an artist's palette appear as hot pinks combine with vivid oranges or turquoise combines with a brilliant purple.

For the less daring black is coordinated subtly with beige tones and with browns.

Although man has been making glass for at least 5,000 years, its atomic structure still is known only in a general way.

### NO RUNS — A HIT

Women who seek fashion in hosiery as well as comfort, will be happy to learn of a new sheer, seamless support nylon stocking now on store counters. They are

guaranteed against runs for 30 days, regardless of cause. The stockings are knit of specially processed stretch nylon yarns, treated with an exclusive finishing process for higher snag resistance.

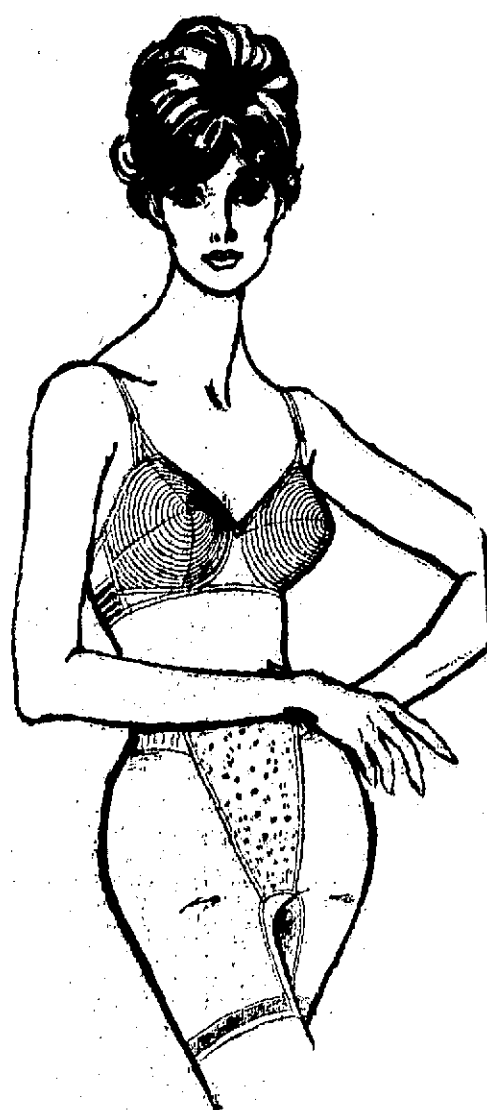

Colorful stretch gloves are accompanied into Spring of 1961 by matching clutch handbags. Two favorite duos: red-and-white polka-dotted nylon shortie gloves with clutch bag.

### To Our Readers:

The fashions in this edition are presented to you to show the Trends of the Season and to serve you as a guide as you shop.

You will find many of them in stores throughout this community.

However, if you do not find identical styles in our local shops, we believe similar ones will be available.

PLAIN AND FANCY IS THE NEW FORMULA FOR casual warm weather dressing for men. The "plain" or solid color combines with the "fancy" of plaid. Left: a madras plaid jacket pairs off with dark slacks. Right: a lightweight navy blazer chooses madras slacks for its partner.

## Handsome Fashions Are Line Up for All the Smart Men

Come spring and the living is free and easy — and colorful. Put a man outdoors in spring, and what does he wear? A casual jacket that's light, weatherproof and leather.

Soft suede, smooth and lightly grained leathers have taken over in men's casual fashions this season. Masculine, yet handsome and bright as the new slacks and sport shirts — leather coats, jackets and shirts are high in style, versatile and easy on the budget.

The tapered silhouette marks spring leather sportswear. The sports car enthusiast will find the broad, comfortable-shoulder of his smooth or grained leather car coat for free wheeling. In creamy tan, rich stag or jet black, a trim leather car coat always looks smart.

One of the newest car coats of smooth, soil resistant leather has a yoke-like effect across the chest which conceals the opening of two neatly set breast pockets — one for cigarettes, the other for a wallet. Convenient pockets on the sleeves hold small change and a pen to jot down important phone numbers. Self-leather buttons and a collar tab close the coat against breezes.

For any activity — there are few garments as mobile and unhampered as a leather-and-knit jacket. In light knits combined with smooth, grained or suede leather, these jackets are seen in white, taupe and natural deer-skin colors that highlight tweed, worsted and cheviot slacks with knit insets under arms and on cuffs and waistbands to match or contrast.

Suede you love to touch — is

found in everything from a casual three-button sack jacket appropriate for town or country wear to Bermuda shorts for resort wear.

Suede coats, vests or jackets are ideal for spring's changeable weather; they repel water stains and give smart lightweight comfort in the mildest weather.

Patterns and more patterns — that's the big style news in woven sport shirts. Everything from bold, splashy handkerchief prints to large conversation designs to quieter paisleys.

### Men's Shorts, Pants Animated

Walk shorts trot into the masculine spring and summer scene with several new running mates. There's a pretty fancy approach to patterns with a coordination that is tops. Bermuda shorts, for example, in traditional and updated Continental models, vie with slightly shorter Jamaica and play-short lengths. Three quarter deck pants go more conservative with the addition of belt loops and simplified front pockets and boxer elastic backs. An even longer length in pants — (to the ankle) is making a noticed entrance.

Patterns — anything goes. Big batiks and native prints, bright, light and larger madras plaids, brilliant-look glen plaids and district checks, Bedford cords and twills, solid cottons and cotton blends as well as denim and duck coordinate with the exciting styles in shirts, sportswear and swimwear.

## Svelte Styles Took Smooth Figuring

Foundations are most feminine and pretty for Spring! There's an increasing trend to coordination... girdles and bras are often matched in color, embroidery or trim, often followed thru with matching lingerie.

Flower motifs and color play an important part in the ultra-feminine look. And there are more colors than ever before to complement the classic whites and blacks. Colors are often combined or tone-on-tone for new interest.

This pretty look also gives rise to an imported or custom-made look, which is achieved by attention to details, such as ribbon-banded lace shoulder straps, lace panels trimmed with marquisette, nylon sheer and lavish sections of lace.

Many foundations are designed with an eye to specific fashions, such as bras to wear with knitted dresses, bias-control girdles for slim or bias-cut fashions. Bras dive in back, plunge in front, are strapless for decollete styles, have wideplaced straps for bateau necklines.

New are the longline and torso backless bras that offer complete support with extreme décolletage. Panty girdles have been designed to meet control requirements for a wide variety of pants, from wide-cut hostess types to skin tights, and go to all lengths, even beyond the knee. Corsets or long-legged panty girdles achieve the natural bodyline silhouette for Spring.

Foundations using "spandex" have new beauty, control and lightness. It is sheer and delicate, yet wears beautifully, directs curves, rather than constrains.

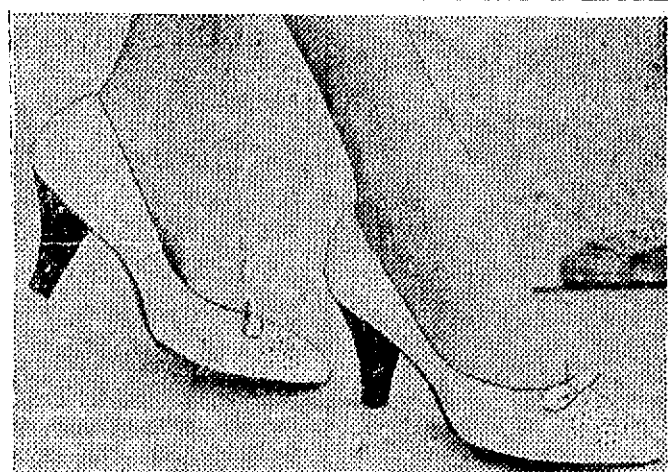

Full figure foundations are equally feminine with pretty styling, fashion shaping and a lightness achieved with dainty sheers, embroidery and laces.

Teen foundations are more sophisticated and attuned to fashion, with convertible bras that feature wide straps, criss-cross back straps or straplessness.

The overall picture is a prettier, more feminine one for under-cover fashions, and a far more colorful one!

### A LA INDIA

A strong Eastern influence has invaded spring collections, resulting in some unusual and exotic fashions. The authentic sari styling of India has been adapted to a dinner-cocktail sheath with modified scoop necklines and gold-banded short sleeves. This striking version of the sari can be worn with or without a separate floor-length skirt which has been split at the sides.

STACKED SMARTLY FOR SPRING IS THE HEEL interest on these new spectator pumps. This smooth leather daytime shoe is in a creamy bone color with perforations and delicate leather bow decorating the vamp. The leather sole is outlined in briarwood to match the leather heel.

FOR TEENS—A CHEVRON-type striped sheath dress in Irish Linen. The sash belt, boat neck and sleeveless detailing are all brand-new themes. Tricolor handling of the stripes are pointed up in gay, bold color combinations.

## Bowling Style Scores Points in Fashion

Baseball had better watch out, because there's a sport that's rapidly rising toward the number one spot of America's favorite sports. It's bowling! About 26 million people in the United States flocked to the lanes last year, and new fans are made every day.

One of the biggest reasons for this increase is the change in the character of Bowling Centers. Not too many years ago these were called Bowling Alleys and the change of name is not the only change.

Bowling centers today are becoming headquarters, complete with cocktail lounges, bowling boutiques, restaurants, are galleries and baby care nurseries.

Bowling, being a sport the entire family can enjoy, has attracted many women... and when women take up a sport, they must have the proper (smart) clothing. Traditionally, bowling outfits take their style cue from the need for freedom of action. But, tradition has been broken!

What's new in fashions for bowling? Culottes get big play with abstainers reasoning that they are awkward, but the abstainers are

## Gay Belts Encircle Fashionable Waists

Smart leather belts circle most tailored waists this spring with heat, colorful "clasp." Although fewer contour belts are in evidence than last year, widths vary all the way from spaghetti hoops of suede leather to five to six-inch bands of supple, smooth and slightly grained leathers.

Narrower belts are being worn with fuller skirted dress in daytime and late-day ensembles.

In mood and color, new belts are matched to handbags and shoes. Chalked colors and pale pastels at the waist carry through the softer leather look of accessories from head to toe.

few. Tunics over tights or slim flims are also popular as they are both attractive and comfortable. For those who refuse to appear in slacks, skirts with matching tops take on a new look with gorges that are definite, rather than having the look that they are trying to conceal themselves! One example is a skirt with multi-colored insets that show when the skirt flares out.

So, all in all, bowling fashions for 1961 look as though they will be very striking!

YOUNG SOPHISTICATE look is shaped by wide layers of petals that form the four-tiered full skirt of this dance frock. The camisole top is cut in the lowered new line.

Dress shirt male call — This spring, the big news is short sleeved business shirts in more colors than ever, but favoring pale shades like ivory, gold and champagne. The bandless convertible collar and the traditional button-down style remains, but the new tab styles are gaining fast.

## Sophisticated or Demure Bridal Gowns

Spring brides have so many beautiful fabrics and silhouettes to choose from in wedding gowns that this season should be blossoming with the prettiest brides ever to walk down the aisle. Among the season's most exquisite creations are demure bouffant gowns of embroidered Swiss organdy, dividing into panels over a cotton organdy skirt. Sleeves are tiny and the neckline is scooped.

Outstandingly elegant gowns from spring collections introduce a Parisian silhouette... its silk taffeta sheath is elaborately embroidered with Alencon lace motifs and is gracefully filled out with a sweeping back skirt.

These lovely gowns are representative of distinctively different moods spring brides are wearing — a sweet, demure look or the look of sophistication.

The population of Australia is 10,330,000. Men outnumber women by one per cent.

ULTRA FEMININE YET very much at ease for any occasion, culottes come to the fore for spring-into-summer wear. Here culottes in wool flannel smartly adds a smart shirt-styled overblouse as its team mate.

"A Family Shoe Store"

Foster's SHOES

115 E. 2nd — Next To Post Office

THE NATURAL LOOK IN SPORT COATS POINTS UP shoulders where nature put them. Narrow lapels; three button cut away front and light-as-air fabrics adopt these coats to campus, office or country club wear. The sport coat at left is in authentic seersucker, at right: in batik. Both are teamed up with handsome slacks.

## Loomed-in Stretch in New Fabrics

In the months to come, stretch fabrics take on brand-new significance and make their appearance in just about every fashion from at-home clothes to sports-wear and a variety of accessories.

In the new era of the sixties, the lasting case of the wondrous Hohenla stretch fabrics is destined to play a part in every woman's wardrobe.

A comparatively new fiber, which originally started off in its fashion life in line-taming girdles and later in gloves — now gains new dimensions and new horizons as some of the nation's leading mills conceive new uses, handling and designs for this stretch fiber.

For example, Eimiger Mills long famous for its cashmere and other fine suitings and coatings adds more fit, comfort and fashion with fabrics stretchability. From off the looms comes beautiful Duplonis, spun rayon shantungs, spun rayon tweeds and satins, cotton ribs and even cotton denims with wonderful built-in elasticity.

## Short Skirts Call for Well Groomed Legs

These days a gal hasn't a leg to stand on, from a fashion-plate standpoint, unless her gams are scrupulously groomed! Sheer hosiery, dainty shoe styles and shorter skirts focus attention on legs.

So, here are some quick-tips from the Lady Remington Beauty Institute: Once a week give yourself a pedicure — from toes to knee-cap. Use all the trimmings: fragrant bath oil, pumice stone, nail polish and skin cream. And, be sure to defuzz legs. Use an electric shaver, of your own, to eliminate picks and scrapes that can mar the good looks of marble-smooth legs.

Take advantage, too, of new spring hosiery shades to flatter your limbs. Rosy shades, warm beiges and tan tones will round out the shape of a thin leg visually. Darker tones will tend to minimize plumper limbs.

Lastly, keep shoes in ship-shape condition to complete that hand-box appearance — from foot to head.

The Kurds, one of the oldest peoples in the world, speak an ancient language akin to Persian.

Style highlights of these vivid, versatile sport coats include narrow lapels, natural shoulders and a slightly cut away three-button front. Fabrics, including seersucker, babycord and eye-catching batik, are feather light, and they can be popped into the washer at night for wear the next morning.

Summer suits get the same "natural look" treatment and many feature automatic wash and wear construction. Jackets are narrow and flatter. The pants are slim and tapered. And all have a common ingredient — lightness — calculated to appeal to the many young men who want the lightest possible fabrics.

FOR NOW, EASTER AND LATER — this sheer, airy woolen sheath is smart and plays its cool in any weather. Eased waistline and wide open neckline are newsworthy and noteworthy for spring. Jeweled buttons provide rich accents. A rose-topped velvet pillbox adds a gay punctuation point to the costume.

### COLOR LINE TAMERS

A wider-than-ever range of colors in foundations are contributing to the pretty look of Spring and suiting the many moods of feminine wearers. This year will see, in the privacy of the boudoir, all these beautiful colors: turquoise, peach, aquamarine, lavender, violet, hot pink, pale pink, yellow, deep and vibrant blue, flaming red, champagne, beige and of course, the classic white and black.

## Nautical Togs for the Sailors

A walking and sailing nautical alphabet is one of the exciting innovations of the sports fashion world.

America's estimated 40 - million boating enthusiasts can now purchase light, weather-proof sea-going jackets in any letter of the sailor's alphabet from a new nautical group introduced by the Mighty Mac Division of the Cape Ann Manufacturing Company.

Now 26 jacks based on the 26 letters of the International Code Flags, in every color under the sailing sun, duplicate the pattern of codes in the International sailing lexicon.

Because boating is a family sport, Mighty Mac offers these jackets in sizes for every member of the family.

## New Fashion in the Pink

Remember that old phrase that still crops up — "strike me pink"? Well — wherever you look on the fashion scene — dresses, coats, sportswear, in fact all wearables are struck, smitten and lovingly smothered with the glowing flush of PINK!

From the hottest hot of vivid pink to the real cool pink-to-violet tones, the boldness of spring '61 pink is everywhere. Startling and vibrant, these pinks animate every beautiful fabric and fashion theme of the season.

You'll be in the pink from sun-up to long after sunset as these bold rosy hues animate sleepwear and loungewear, play togs and dinner dresses, sportswear and at home separates.

The range of pinks is so varied, so diversified in tint and intensity that whether you're the palest blonde, the fire-red head or darkest brunette — there's the just right for you fashion pink in your future.

## Easter FASHION TREASURE

Slightly frivolous disarmingly feminine, yet very much in the fashion know... the shoes that are right up front in the Easter parade, that go on through the season as fashion leaders. Fit? So easy it puts a new lilt in your step.

## Pale and Lightweight Shoes Compliment New Fashions

Fashion steps into the bright sunlight this Spring in an array of new pointed toe leather shoes. New ideas start from the ground up in a handsome collection of soft, delicate leather textures in both pale, neutral tones and bright light colors. Black and white, in patent leather, calf and kid, are given interesting detail treatments.

When shoes set the pace for a costume, they create a happy fashion mood. Soft, nappy suede pumps speak of head-to-toe femininity. Gayly colored, smooth and grained calf shoes reflect the sun's sparkle; fine kid pumps in bone or lustre leathers in pale blue or green grape give the "on the town" stamp to cocktail dresses or suits.

For after-five — kid and reptile leathers combined in a novel pump with harlequin cutouts and stacked leather heels are new, as are slim, luster leather pumps with three inch high stiletto heels and glittering toes set with tiny jewels.

Light leather pumps with darker embroidered stitching around the shoe throatline, and a petal embroidered silhouette on the

tapered toe will perk up suits or dresses. A trim leather sole "frames" the lovely tapered look of these narrow-toed-shoes.

Two colors — particularly in contrasting hues — suggest a sporty casual costume. For example, flat casuals with a light taffy-toned smooth leather vamp are matched to a darker, briar brown lightly grained leather.

Two-tone boot shoes with high rising vamps and lightened, trimly-tapered toes and a pixie-ish thong tie, conjure up a gamine-like air to literally put a spring in your step!

Some millions of neckties will be purchased for Easter this year, and no matter who's doing the buying, there's going to be a wide variety to choose from. This season's lines cater to every man's taste from simple under knot designs to conversation-inspiring all-over patterns. Very strong in patterned ties is a definite neatness that suggests a "solid color" feeling.

## Natural Look Enlivens Coats

For men, the young men and young-spirited, who like a vigorous dash of imagination in their sportswear wardrobe, there are coats in madras, random check and other fanciful patterns to choose from.

Sports coats feature the "natural look" in lightweight fabrics, dramatic patterns and such popular colors as olive, black and

COLORFUL OUTFITS FOR the soda pop set shape up smartly like this polka dot and stripe ensemble. In Lowenstein's easy care cotton, the sleeveless dress is beautifully coordinated with a little jacket. In sizes for "little and bigger sisters."
